Looping a PowerPoint Presentation
1. Click “Slide Show” from the Menu tab
2. Select “Set Up Slide Show”
Select “Loop Continuously Until ‘Esc’,” then select “OK”
1. Select your first slide on the left panel
2. Hold down the ‘Shift’ key and then select your last slide (this will select all your slides)
Click “Transitions” from the Menu tab
1. Unclick “On Mouse Click”

2. Select “After” and click the up and down arrows to adjust the length of time each slide should display. Remember your total slideshow length is limited to 5 minutes.

When your slideshow reaches the last slide, it will automatically loop back to the beginning.
