

# CaFTR e-group Online Survey

Katharina Weitkamp, Gunnar Carlberg,  
Geoffrey Goodman, Adriana Lis, Marc Noom,  
Orya Tishby & Nick Midgley

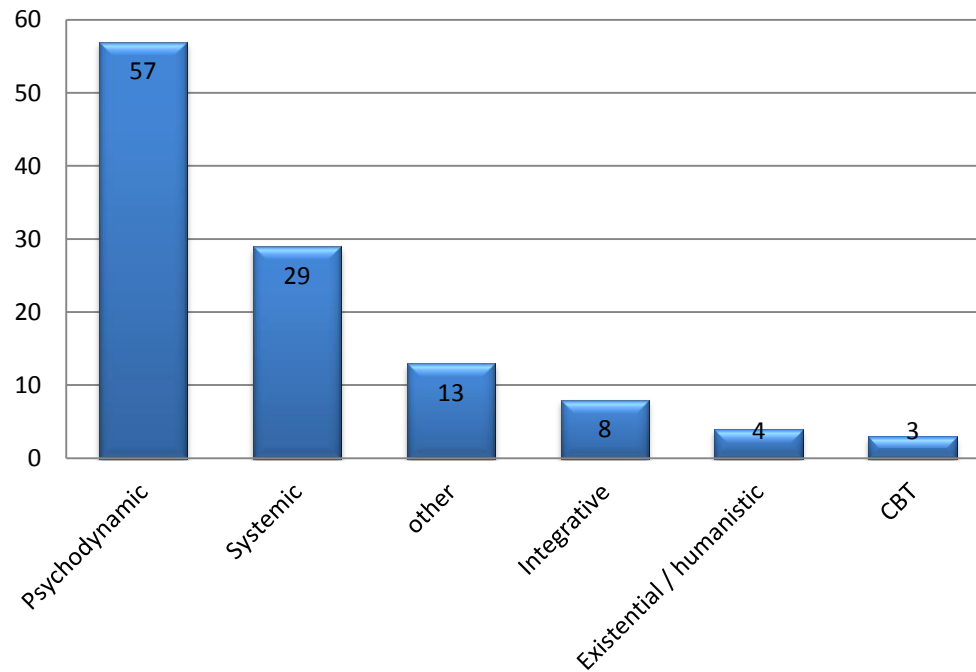

An earlier version of this survey had been presented at the 45th Annual Meeting of the Society for Psychotherapy Research (SPR) in Copenhagen, June 26th 2014

- Aims:
  - Identify current research activity of CaFTR e-group members
  - Gain feedback on what the priorities of the CaFTR group should be
  - Ideas about topics for future international collaboration
- Method:
  - Link circulated via CaFTR e-group
  - Carried out between March and December 2014
  - Participants: N=114

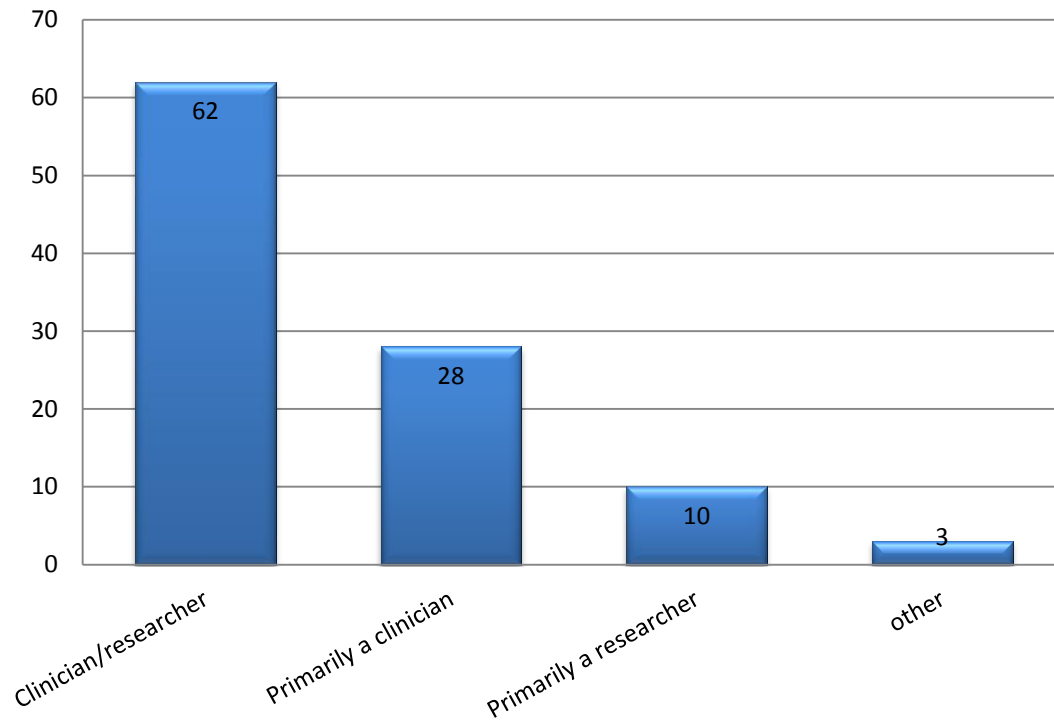

## Personal information: 1. Participant origin

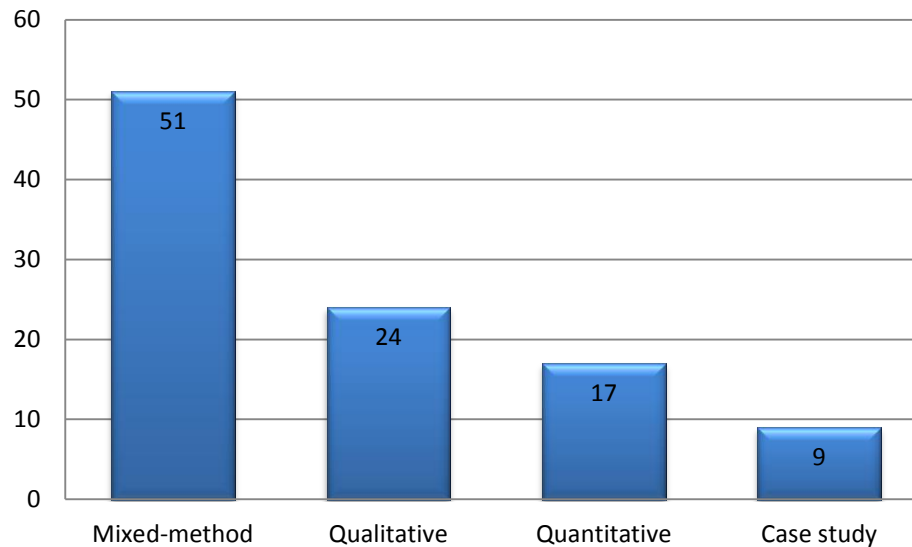

## Personal information: 2. Primary theoretical approach

## Information about research activity: 3. Are you...

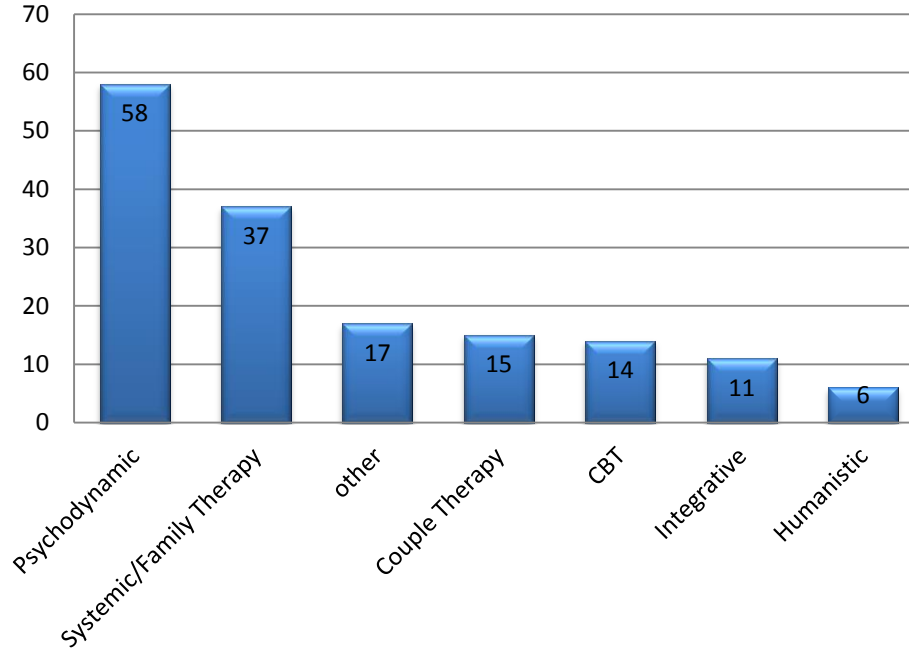

## Information about research activity: 4. What methodological approach/es do you use most as a researcher?

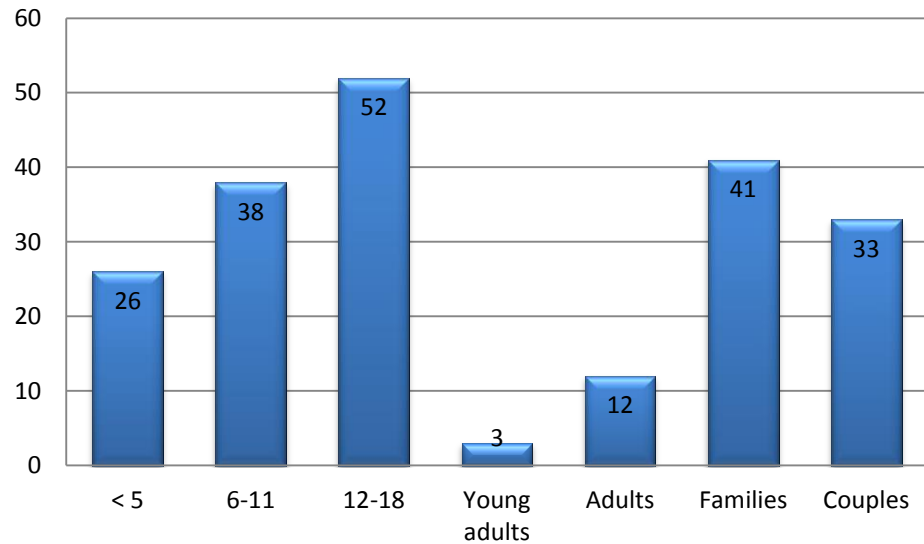

## Information about research activity: 5. What type/s of therapy do you mostly research?

(Multiple answers allowed)
