Zoom Events Platform

We encourage you to explore the different functions in the platform: Public Lobby & Private Chat, Program Schedule (Sessions), your own personal Itinerary, and the Speakers Tab are all available for you to try. Familiarizing yourself with these features in advance will help you make the most of your conference experience—ensuring smooth navigation, timely attendance, and meaningful connections throughout the event.

Networking

In the Sessions Tab, you will find the complete Conference Program. Some sessions will be marked as “Virtual” or “In-Person”, others won't have a tag. Those marked as In-Person are sessions that will be broadcasted Live. A “Join” button will be available during the time and date of that event. Virtual presentations will be completely virtual, and those without tags are In-Person meetings that will not be live-streamed.

Events will automatically be shown in your own time zone.
