

Richmond Academy of Medicine

New Member Announcement

**Virginia Physicians for Women
is pleased to welcome**

Caitlin Morin, M.D.

Dr. Caitlin Morin knew she wanted to be an OB/GYN after delivering her first baby while attending Chicago Medical School. Watching parents meet their new baby never gets old! She joined VPFW in 2022 from her residency at The George Washington University School of Medicine and Health Sciences, where she discovered a particular interest in abnormal uterine bleeding and minimally invasive gynecologic surgery. Her other professional expertise includes contraception counseling and sexual dysfunction.

Dr. Morin was drawn to obstetrics and gynecology because it's a field where she can be in the clinic, in the operating room, and on Labor and Delivery all in one day. She is passionate about empowering women to learn about their bodies so that they can take an active part in making informed decisions about their health.

Dr. Morin is a native of southwest Virginia and is excited to be back in the area and closer to family. In her free time, you can find her cooking, running, reading, and discovering all the amazing restaurants Richmond has to offer. Her guilty pleasure is reality TV, especially Survivor and The Real Housewives!

**Please join us in welcoming
Dr. Caitlin Morin
to the Richmond Academy of Medicine**
