

Richmond Academy of Medicine

Member Announcement

Family Practice Associates is pleased to welcome Rishika Kaundal, MD

Dr. Kaundal grew up in Alexandria, Virginia, and is a graduate of the University of Virginia where she obtained a B.A. in Cognitive Science. She attended Virginia Commonwealth University (VCU) for medical school and completed her residency training at the Chesterfield Family Medicine Residency Program, where she served as Chief Resident.

Dr. Kaundal enjoys teaching and was an Attending Physician at Chesterfield Family Practice prior to joining Family Practice Associates. In this role, she worked in both the hospital and clinic setting, teaching residents the art of medicine. Dr. Kaundal continues to teach as an Assistant Professor at VCU School of Medicine, teaching medical students history and physical exam skills. She periodically works locally as a Hospitalist as well.

Dr. Kaundal is a member of the Performance Committee for Virginia Care Partners. She has served as a delegate for the Virginia Academy of Family Physicians at the National Conference of Constituency Leaders. She also participates in outreach events, volunteering at the yearly Remote Area Medical event in Wise, Virginia, as well as working with local elementary schools to provide sports physicals to children and roundtable discussions on the importance of healthy eating habits and exercise.

Dr. Kaundal chose Family Medicine because it allows her to see all types of patients, from newborn to elderly. She enjoys building relationships with patients and their families as part of her holistic approach to the practice of medicine. Her professional interests include chronic disease management and coordinating care for patients between hospitals, nursing homes and visits with other specialists.

Dr. Kaundal and her husband live in the Midlothian area. In her spare time, she enjoys painting, is an avid fan of the New York Giants and is always looking for a new restaurant recommendation in the Richmond area.

Please join us in welcoming
Dr. Rishika Kaundal
to Family Practice Associates
