The educational sessions will help you find creative methods and resources to evolve your business and your career. Whether you're climbing the corporate ladder or interested in improving your knowledge and skills in your current position, let our industry experts, professional speakers and training consultants provide you with the tools to achieve your goals.

Education

Through a carefully selected schedule of education session, we strive to address both the constant and rapidly changing issues that facility professionals deal with everyday, led by industry professionals who are subject matter specialists. We offer diverse education sessions including a regional Restaurant Roundtable session ,which helps Facility Managers benchmark on topics of their choice with other FM's. Other CEU-accredited sessions, director-level leadership sessions, vendor only sessions, and many more are focused on improving interpersonal and leadership skills.
