

CRFP: Certified Restaurant Facility Professional

RFMA's Vision for Certification

In keeping with RFMA's mission statement, to advance industry awareness of restaurant facility management, while promoting professional and ethical standards to serve the customer with added value, RFMA has developed a certification program which provides access to the first restaurant facilities management professional designation.

- Promote the advancement of the Restaurant Facility Management Professional

- Promote professional and ethical standards

- Serve the customer with added value

Road Map to Attaining CRFP Designation

- Take the practice exam
- Review your results and determine a course of study to gain strength in the areas where you scored poorly
- Meet with your supervisor and obtain his/her and company commitment and discuss adding this achievement to your goals for the year
- Put the testing fee in your budget
- Study, study , study

Online Learning: CRFP Exam Online Prep Course

We are excited to announce that RFMA has partnered with Pearson Learning to create 14 online learning modules that cover all of the sections and objectives on our CRFP certification test. The modules not only are highly valuable for preparing for the CRFP exam, but also for individuals learning more about facility management. Log onto rfmaonline.com to start the modules now!
