Detailed Daily Topics

Day 1: Source Water Distribution Infrastructure & Water Quality

Tuesday, November 16, 2021 | 10:00 a.m. - 12:00 p.m. MST

Topics Include:

- Vital components of a distribution system, and how they can impact water quality.
- Potential areas of water quality concern in systems, and ways to improve them.

Day 2: Flushing, Main Breaks & Cross Connections

Wednesday, November 17, 2021 | 10:00 a.m. - 12:00 p.m. MST

Topics Include:

- Preserving water quality when responding to a water main break
- How cross-connections can impact public health and requirements for cross-connection control
- Emergency responses for backflow events

Day 3: Total Coliform Rule

Thursday, November 18, 2021 | 10:00 a.m. - 12:00 p.m. MST

Topics Include:

- Why coliform sampling is important for protecting public health
- The purpose of a sample siting plan, and proper coliform sample collection procedures
- Factors, conditions, and common issues that can lead to inaccurate results when collecting samples
