

ROA Intern Program – Legislation and Military Policy

Association

ROA is a congressionally chartered non-profit military service organization. Our focus is on Reserve and National Guard issues to promote national security through a strong Reserve Component.

Description

The ROA internship program is an exciting opportunity for students who want to understand how Congress takes on the business of running the government. Your view of the headlines and what the government does or does not do will never be the same.

After an internship at ROA you will understand what the press gets right or wrong, how to read between the lines and how things that appear simple are always complicated.

At ROA you will be given the title Legislative Assistant (Intern). The time you spend in D.C. will provide hands-on experience that can proudly be added to your resume. No getting coffee or running copies when you work at ROA! Your opinion matters and you will be encouraged to contribute to discussions and projects.

ROA runs a defined program that will give you experience in every aspect of how legislation is accomplished in the nation's Capital. It is important that the work you do at ROA resonates with your degree and future goals.

Requirements

- Excellent verbal and written communication skills
- Driven and hard-working
- Ability to take direction and multi-task
- PowerPoint, Word and Excel experience a plus
- Extensive knowledge of social media
