Please **UNCHECK** the boxes below to turn off that preference for you. If it is unclear as to what the feature is, just **UNCHECK** it for now. You can change this in the future, if you change your mind. So, **ONLY** leave **CHECK** marks next to features that you know you want to use in the system.

NOTE: What is the **WALL**? The Wall is a "social networking feature" and is a section in your profile where others can write messages to you.
