**Launch of
Your Membership –
web-based portal**

Dear Registered Persons(RP)- Professionals and Candidates

For some time SACAP has been fraught with many administrative inefficiencies. As part of improving the service delivery system to the RPs, the Council has procured a web- based administrative multifaceted portal and "member" friendly system called Your Membership (YM).

This web-based system will revolutionise the way in which we will register/manage Professionals and Candidates alike and provide an electronic retrieval system in a complete customer relationship software system which puts you the RP in control of your data in a secure password controlled environment. NO MORE SUBMITTING REAMS OF PAPER TO COUNCIL for recording.

The registration process will be fully on-line with all Monthly Training Records (MTR's) captured electronically and automatically posted into the correct blocks of the log-sheet. CPD submissions and recording will be paperless. No accounts printed out and sent via snail mail. These are but a few of the many benefits that will be realised towards *excellence of service* that SACAP intends to deliver to its RPs.

I am excited to bring this Customer Relationship software to the RPs and am requesting your participation that when we go live - you embrace it, as it is our future. This is also the Council's first step towards "Going Green". The profession is a fore-runner in this quest. As your regulator, it is only proper that we practise what we preach. *Design for a green future.*

I look forward to your active participation for our "GO LIVE" date.

Sincerely

Marella O'Reilly
