The Safe States Alliance has a growing and diverse membership comprised of over 550 public health injury and violence prevention professionals representing all U.S. states and territories. From the student just starting out to the seasoned professional, Safe States members specialize in a variety of areas, including program coordination, management, data analysis, and public policy.

As in prior years, the Safe States 2020 Injury and Violence Prevention Conference will offer multiple opportunities for organizations to connect with hundreds of attendees and demonstrate their commitment to advancing equity and strengthening the field of injury and violence prevention. Driven by the COVID-19 response and the current environment we will now offer year-round opportunities.

**Year-round Sponsorship - beginning at $1,500**

In addition to traditional options, such as promotion and recognition on our website, in communications, and at plenary sessions, we can work with you to craft pre-loaded videos, virtual meet and greets, and virtual exhibits, as well as create additional ways to incentivize interaction with your organization. Beyond the conference, we can consider sponsorship opportunities for ongoing webinar series, expert convenings, social media campaigns, and cross-promoting of events.

**Virtual Exhibiting**

Exhibiting at the 2020 Safe States Virtual Injury and Violence Prevention Conference will give you an opportunity to connect with peers and share the important work your organization is doing.

We encourage you to contact us and let us help build the package that is right for your organization!
