Delegates' Comments

2 Day Workshop No. 04
Entitled

Steam Trapping; Condensate Removal; Condensate Recovery

The workshop is facilitated by Mr. Malcolm Black, B.Sc.(Mech.Eng.), G.C.C., MSAIMEchE, Th B.

BM: I gained considerable understanding on how steam traps work. This as a very good course to attend.

HZ: Very informative and well presented.

BC, Process Engineer: Very effective course which can be readily applied in industry.

MK: Very good. I will recommend to all I meet

RH: Excellent presentation. I absorbed very much from and will be able to apply at our facility.
