ACHASM 2018
‘THE ROLE OF PROCUREMENT AND SUPPLY CHAIN MANAGEMENT (SCM) IN CONSTRUCTION HEALTH AND SAFETY (H&S)’ TWO-DAY SUMMIT,
BELMONT SQUARE CONFERENCE CENTRE, BELMONT ROAD, ROSEBANK, CAPE TOWN, 1-2 OCTOBER 2018

SUMMIT THEME
The summit theme ‘The Role of Procurement and SCM in Construction H&S’ focuses on issues and processes related to appointing and managing stakeholders in terms of H&S. This focus will include the interface between clients, construction project managers, construction H&S agents, designers, quantity surveyors, contractors (construction managers), subcontractors (construction managers), and suppliers, including construction H&S managers and officers, and other stakeholders. The theme was identified due to the role of procurement and SCM in H&S, the issues that arise, and mention of the supply chain relative to ‘accidents’, and collapses in the media.

OBJECTIVES
Upon the 11th anniversary of the Association of Construction Health & Safety Management (ACHASM), the 7th annual event will take the form of a summit, which will provide a forum for construction industry stakeholders to address construction H&S related matters with emphasis on procurement and SCM in construction H&S. The summit will be commercial in nature and aims to stimulate interaction between all the stakeholders active in the industry.

The broad objectives of the summit are to:
• Educate and inform all stakeholders with respect to the role of procurement and SCM in construction H&S;
• Promote the practice of construction H&S risk management;
• Promote accountability, ethics, professionalism, and leadership, in managing procurement and the supply chain relative to construction H&S, and
• Provide a platform for exchanging ideas and networking with likeminded professionals.

PRESENTING ORGANISATIONS
Representatives of, among other, ACHASM, Artis Mavin, cd&a, Eppen-Burger & Associates, Essential SHEQ, Federated Employers Mutual (FEMA), Joint Building Contracts Committee (JBCC), Mangosuthu University of Technology (MUT), MBA Western Cape, Nelson Mandela University, Peri, and the South African Council for the Project and Construction Management Professions (SACPCMP) will present at the summit.

STAKEHOLDERS THAT SHOULD ATTEND
The programme is designed for a multi-stakeholder audience comprising:
▪ Client organisations (public and private)
▪ Architects
▪ Engineers (civil, electrical, mechanical, process, and structural)
▪ Construction and Construction Project Managers
▪ Construction H&S Agents, Managers, and Officers
▪ Property developers
▪ Quantity surveyors
▪ Contractors (general and co-contractors)
▪ Consultants (H&S and Construction Management)
▪ Union representatives
▪ Government (Construction Industry Development Board, Department of Labour, Department of Public Works)
▪ Insurers (Compensation Commissioner, and FEMA)
▪ Media

CPD VALIDATION
The Association of South African Quantity Surveyors (ASAQS) will award 12 CPD hours in Category 1, the South African Council for the Project and Construction Management Professions (SACPCMP) will award 10 CPD hours (Category A - Core) (Validation No. SACPCMP/CPD/13/004RV), and the South African Institute of Occupational Safety and Health will award 5 CPD points.
VENUE
The summit will be staged at the Belmont Square Conference Centre, Belmont Road, Rosebank, Cape Town.

SYMPOSIUM FEE
ACHASM / ASAQS / Saiosh member or SACPCMP registered person: R 2 500.00 (no VAT charged)
Early Bird (up to 31 August): R 2 750.00 (no VAT charged)
After 31 August: R 3 000.00 (no VAT charged)

A 50% Cancellation fee applies 14 to 0 calendar days before 1 October.

REGISTRATION
Refer to the accompanying form, which is also available on the web site.

PROGRAMME
Day 1 will feature presentations addressing, among other, cidb update, pre-qualifying CHSAs, prevention through design, the role of public sector procurement in construction H&S, SACPCMP update, Section 37 of the OHS Act: acts or omissions by employees or mandatory employers, statistics and the cost of accidents (FEM), and the role of BIM in managing the supply chain during temporary works. These will be followed by an ‘H&S Rant: What keeps me awake at night!’ courtesy of the delegates. Registration opens at 08:00, and day 1 commences at 08:50 and ends at 16:50. The summit networking function will commence at 17:00 and is included in the fee.

Day 2 will feature workshops, namely contracts and H&S issues, costing and pricing for CHSA services, ISO 45001, prevention through design, and temporary works design. Day 2 will commence at 08:40 and ends at 17:00. The ACHASM AGM will commence at 17:10 and end at 18:10.
