**Cindy Melfa**, Managing Partner  
Affinity Consulting Group

**Tuesday, May 15, 2018**  
**12 noon to 1:00 pm**  
**Mission Valley Country Club**

Technology is revolutionizing the way law firms and legal departments conduct their business, and we often fail to recognize that technological benefits also come with technological risks. Misunderstanding the Cloud, relying on paper in a paperless society, and leaving the people and process out of technology decisions are just a few of the major challenges faced in law firms and legal departments every day. This session will explore the Top 10 Tech Mistakes that plague legal professionals when they take on the technology they need to provide better client service, and educate legal professionals on how to avoid the mistakes.

**One hour of Technology credit has been approved by the Florida Bar**
