Members of the State Bar Association of North Dakota:

Disaster can strike at any time. Lawyers need to be ready to provide low-income individuals with pro bono services and protect their firm and client interests.

SBAND continues its commitment to encouraging pro bono and providing disaster-related support in the event our citizens need our help. There are rules in place to deal with disasters in North Dakota, and those can be found in the Admission to Practice Rule 3.2. If a disaster does strike, SBAND will notify by email our members and provide you with an opportunity to assist those in need.

The ABA also provides resources and ways for lawyers to help in other states if disasters strike there. Please see Disaster Legal Services Program that was done in association with the ABA Young Lawyers Division and FEMA to provide pro bono temporary legal assistance to disaster survivors. Here is a list of current disaster legal hotlines.

SBAND has created a Disaster Recovery Plan to assist law firms in recovery following a disaster. This should help your firms and your clients if North Dakota is hit with any disaster.

If you have any questions, please let us know.

Sincerely,

Tony J. Weiler
Executive Director
Rule 3.2: Provision of Legal Services Following Determination of Major Disaster

A. Determination of existence of major disaster. For purposes of this Rule, the Supreme Court shall determine when an emergency affecting the justice system, as a result of a natural or other major disaster, has occurred in:

1. this jurisdiction and whether the emergency caused by the major disaster affects the entirety or only a part of this jurisdiction, or
2. another jurisdiction but only after such a determination and its geographical scope have been made by the highest court of that jurisdiction. The authority to engage in the temporary practice of law in this jurisdiction under Section C extends only to lawyers who principally practice in the area of the other jurisdiction determined to have suffered a major disaster causing an emergency affecting the justice system and the provision of legal services.

B. Temporary practice in this jurisdiction following major disaster. Following the determination under Section A of an emergency affecting the justice system in this jurisdiction, or a determination that persons displaced by a major disaster in another jurisdiction and residing in this jurisdiction are in need of pro bono services and the assistance of lawyers from outside of this jurisdiction is required to help provide such assistance, a lawyer authorized to practice law in another United States jurisdiction, and not disbarred, suspended from practice or otherwise restricted from practice in any jurisdiction, may provide legal services in this jurisdiction on a temporary basis. The legal services must be provided on a pro bono basis without compensation, expectation of compensation or other direct or indirect pecuniary gain to the lawyer. The legal services must be assigned and supervised through the State Bar Association of North Dakota, a pro bono program or legal services program, or through another organization specifically designated by the Supreme Court.

C. Temporary practice in this jurisdiction following major disaster in another jurisdiction. Following the determination of a major disaster in another United States jurisdiction, a lawyer who is authorized to practice law in this jurisdiction and who is not disbarred, suspended from practice or otherwise restricted from practice in any jurisdiction, may provide legal services in this jurisdiction on a temporary basis. Those legal services must arise out of and be reasonably related to that lawyer's practice of law in the jurisdiction, or area of such other jurisdiction, where the major disaster occurred.

D. Duration of authority for temporary practice. The authority to practice law in this jurisdiction granted under Section B ends when the Supreme Court determines the conditions caused by the major disaster in this jurisdiction have ended except that a lawyer then representing clients in this jurisdiction is authorized to continue the provision of legal services for such time as is reasonably necessary to complete the representation, but the lawyer shall not thereafter accept new clients. The authority to practice law in this jurisdiction granted under Section C ends 60 days after the Supreme Court declares that the conditions caused by the major disaster in the affected jurisdiction have ended.
E. Court appearances. The authority granted by this Rule does not include appearances in court except:

1. under Admission to Practice R.3, Section A, and, if such authority is granted, the fee imposed under Admission to Practice R. 3, Section A(1)(a)(4) is waived; or
2. if the Supreme Court, in any determination made under Section A, grants blanket permission to appear in all or designated courts of this jurisdiction to lawyers providing legal services under Section B. If such an authorization is included, the fee imposed under Admission to Practice R. 3, Section A(1)(a)(4) is waived.

F. Disciplinary authority and registration requirement. Lawyers providing legal services in this jurisdiction under Section B or C are subject to the Supreme Court's disciplinary authority as provided in N.D.R. Prof. Conduct 8.5. Lawyers providing legal services in this jurisdiction under Section B or C shall, within 30 days from the commencement of the provision of legal services, file a registration statement with the State Board of Law Examiners in a form prescribed by the Board. Any lawyer who provides legal services under this Rule is not engaged in the unlawful practice of law in this jurisdiction.

G. Notification to clients. Lawyers authorized to practice law in another United States jurisdiction who provide legal services under this Rule shall inform clients in this jurisdiction of the jurisdiction in which they are authorized to practice law, any limits of that authorization, and that they are not authorized to practice law in this jurisdiction except as permitted by this Rule. They shall not state or imply to any person that they are otherwise authorized to practice law in this jurisdiction.
[LAW FIRM NAME]

Disaster Recovery Plan
I. DISASTER RECOVERY

Objectives

The principal objective of the disaster recovery plan is to develop, test and document a well-structured and easily understood plan which will help the company recover as quickly and effectively as possible from an unforeseen disaster or emergency which interrupts information systems and business operations. Additional objectives include the following:

- The need to ensure that all employees fully understand their duties in implementing such a plan
- The need to ensure that operational policies are adhered to within all planned activities
- The need to ensure that proposed contingency arrangements are cost-effective
- The need to consider implications on other company sites
- Disaster recovery capabilities as applicable to key customers, vendors and others

1 Emergency Response

1.1.1 Plan Triggering Events
Key trigger issues at headquarters that would lead to activation of the disaster recovery plan are:
- Total loss of all communications
- Total loss of power
- Flooding of the premises
- Loss of the building

1.1.2 Personnel and Family Notification
If the incident has resulted in a situation which would cause concern to an employee’s immediate family such as hospitalization of injured persons, it will be necessary to notify their immediate family members quickly.

2 Insurance

As part of the company’s disaster recovery and business continuity strategies a number of insurance policies have been put in place. These include errors and omissions, directors & officers liability, general liability, and business interruption insurance.

*If insurance-related assistance is required following an emergency out of normal business hours, please contact: ________________________________*

</tbody>
</table>

3 Financial and Legal Issues

3.1 Financial Assessment

The emergency response team shall prepare an initial assessment of the impact of the incident on the financial affairs of the company. The assessment should include:
- Loss of financial documents
- Loss of revenue
- Theft of check books, credit cards, etc.
- Loss of cash

3.2 Financial Requirements

The immediate financial needs of the company must be addressed. These can include:
- Cash flow position
- Temporary borrowing capability
- Upcoming payments for taxes, payroll taxes, Social Security, etc.
- Availability of company credit cards to pay for supplies and services required post-

Communications Form

- It is very important during the disaster recovery and business recovery activities that all affected persons and organizations are kept properly informed.
- The information given to all parties must be accurate and timely.
- In particular, any estimate of the timing to return to normal working operations should be announced with care.
- It is also very important that only authorized personnel deal with media queries.

   Reasons for Contact:

EMPLOYEES:
The first concern after any disaster should be to locate and ensure the safety of the firm’s 
Partner’s and employees. It is equally important to let employees contact their families 
and confirm that they are safe.
   ■ Create a list of Partners and Employees with contact information + alternate 
CLIENTS:
The next step is to contact your clients to assure them that the firm is in a position to 
cont inue to represent them and provide any interim or new contact information.
   ■ Prepare a list of clients who should be notified of a disaster, the recovery location.

COURTS:
If you have cases pending you will need to contact the courts to determine if their 
facilities were affected by the disaster and, if so, what plan of action has been devised. 
The courts are also a resource for obtaining records that have been lost or destroyed.
   ■ Create a master application form to the Administrative Judge requesting case 
adjournment(s)

SUCCESSION:
Establish a succession of management for the company. Determine who will manage the 
company if key leaders are unavailable.
