

# 2019 S.C.A.N.A. Annual Meeting Schedule

September 13-15, 2019 | Hyatt Regency Greenville, SC

## Friday, September 13

7:00 AM - 1:00 PM *Regency Foyer*

Registration Desk Open

8:00 AM - 11:15 AM

3.0 CE | **Lecture: Regional Anesthesia Techniques, John Stas, MSN, CRNA**

1. Understand the correct local anesthetic and concentration for individual regional anesthetics and goals of the procedure.
2. Knowledge of the different techniques to local neural structures
3. Safety considerations of regional anesthesia
4. The ability to identify the ultrasound anatomy and the neurotomes associated with each of the following blocks:
  - a. Upper Extremity (hour 1): Interscalene, Supraclavicular, Infraclavicular, Axillary, Suprascapular, Cervical Plexus
  - b. Lower Extremity (hour 2): Femoral, Sciatic (Classic/Anterior), Adductor Canal, Popliteal, IPACK, Genicular
  - c. Trunk (Hour 3):TAP, Facia Iliac, PEC I + II, Serratus, PENG, Parasternal

11:15 AM - 1:00 PM

Lunch on own

1:00 PM - 2:00 PM

1.0 CE | **Lecture: Pediatric Update from Boston Children's Hospital, John C. Welch, CRNA, DNP**

1. Participants will be able to describe the implications of anesthesia on the developing brain.
2. Participants will have an understanding of current gender diverse surgical care and anesthesia implications.
3. Participants will be able to discuss techniques to inculcate resilience in their high-acuity, high-stress practice.
4. Participants will gain insight into the challenges of educating pediatric CRNAs and efforts to improve transition to practice.

2:00 PM - 3:00 PM

1.0 CE | **Lecture: Pediatric Case Studies: Challenges & Triumphs, John C. Welch, CRNA, DNP**

1. Participants will be able to describe anesthesia techniques to manage the failing Fontan patient.
2. Participants will understand the emergency management of acute gas embolism in an infant.
3. Participants will be able to discuss management of acute bupivacaine toxicity in children.
4. Participants will gain insight into the anesthetic management of renal transplant in Prune Belly Syndrome.

3:00 PM - 3:15 PM *Exhibit Hall*

Break with Exhibitors

3:15 PM - 4:15 PM

1.0 CE | **Lecture: Global Anesthesia: How to Make a Difference, John C. Welch, CRNA, DNP**

1. Participants will be able to describe the various global anesthesia models.
2. Participants will have an understanding of the Lancet Commission on Global Surgery & Anesthesia.
3. Participants will be able to discuss methods for selecting impactful global anesthesia projects.

4:15 PM - 5:45 PM

1.5 CE | **Lecture: S.C.A.N.A. Legislative Panel**

Cheryl Schosky, DNAP, MSN, CRNA, President-S.C.A.N.A.; Jill Mason-Nguyen, DNAP, MSN, CRNA, COI, President-Elect-S.C.A.N.A.; Lisa Kirr, MBA; Mike Donovan, DNAP, CRNA; JoLee Gudmundson; Alia Faraj-Johnson; Kristen McDonald; Trip Farmer; Joe McCulloch

1. Discuss S.C.A.N.A.'s two-year strategic legislative action plan for South Carolina General Assembly to combat current restrictive supervision requirements for CRNAs.
2. Understand the implications that supervision removal would have upon each CRNA in South Carolina and what each CRNA's role is to be successful in the legislature.
3. Describe the specific actions S.C.A.N.A. will take to assist state legislators and the public to support removal of legislative barriers for nurse anesthesia practice with evidence and economics.

5:45 PM - 6:45 PM *Exhibit Hall*

Attendee Reception with Exhibitors

Sponsor: Prisma Health

6:45 PM - 7:45 PM *Rosebud*

SRNA Reception

Sponsor: Lexington Medical Center

# 2019 S.C.A.N.A. Annual Meeting Schedule

September 13-15, 2019 | Hyatt Regency Greenville, SC

## Saturday, September 14

**6:00 AM - 7:00 AM**

**S.C.A.N.A. Wellness Run**

*\$15 Additional Fee* | Please join the Wellness Committee and friends for a unique local guided 5k run/walk around downtown Greenville in support of student education.

**7:00 AM - 8:00 AM** *Exhibit Hall* **Breakfast** **Sponsor: American Anesthesiology / MEDNAX**

**8:00 AM - 9:00 AM**

1.0 CE | **Lecture: Dogma, Traditions: What is the Evidence?**, LTC Peter Strube DNAP, CRNA, MSNA, APRN, APNP, AN USA, MBA(s)

1. The listener will be able to list and identify evidenced based practice and either supporting or dispelling dogma.
2. The listener will be able to list and identify understanding and interpreting evidenced based practice.

**9:00 AM - 10:00 AM**

1.0 CE | **Lecture: Opioid Free: Are We Crazy or Bold?**, LTC Peter Strube, DNAP, CRNA, MSNA, APRN, APNP, AN USA, MBA(s)

1. The listener will be able to list and identify how to be using multimodal, pre-emptive and synergy in pain management of the surgical patient.
2. The listener will be able to list and identify strategies to limit narcotic use to promote better patient outcomes.

**10:00 AM - 10:15 AM** *Exhibit Hall* **Break with Exhibitors** **Sponsor: Draeger Medical**

**10:15 AM - 11:15 AM**

1.0 CE | **Lecture: Pharmacogenetics and Personalized Anesthesia Care**, LTC Peter Strube, DNAP, CRNA, MSNA, APRN, APNP, AN USA, MBA(s)

1. Participants will be able to list and identify the impact on genetics in promoting better patient care.
2. Participants will be able to list and identify advanced pharmaceutical knowledge related to genetic variables affecting patient care.

**11:15 AM - 12:15 PM**

1.0 CE | **Lecture: My Patient is on an Insulin Pump: What do I do?**, Sharon Pearce, MSN, CRNA

1. Discuss insulin pumps, types, and function.
2. Discuss recommendations of how to manage the surgical patient on an insulin pump.

**12:15 PM - 2:00 PM** **Luncheon & Business Meeting**

**7:30 PM** *Teal Ballroom*

*\$75 Additional Fee* | **SC CRNA PAC Fundraising Event – Casino Night!**

## Sunday, September 15

**7:00 AM - 8:00 AM** *Redbud* **Breakfast**

**8:00 AM - 9:00 AM**

1.0 CE | **Lecture: AANA Update: The Value of Membership**, Garry Brydges, MBA, CRNA, ACNP-BC, FAAN, AANA Past President

1. The learner will be able to describe trends in AANA membership demographics, education, employment, and public relations.
2. The learner will be able to discuss current nurse anesthesia legislative initiatives and strategies, as well as issues affecting practice.
3. The learner will be able to discuss initiatives regarding CRNA Wellness, PAC, and Research.

**9:00 AM - 10:00 AM**

1.0 CE | **Lecture: Harming your Patients through Opioids: Decreasing Quality and Outcomes**, Garry Brydges, MBA, CRNA, ACNP-BC, FAAN, AANA Past President

1. The clinical consequences of opioids and patient outcomes.
2. The alternatives to opioids in multimodal pain management strategies.
3. Comparisons and contrasts in patient outcomes of each pain management strategy.
4. The science underlying the untoward effects of opioid use.

**10:00 AM - 10:15 AM** **Break**

**10:15 AM - 11:15 AM**

1.0 CE | **Lecture: ERAS: Anesthesia's Role**, T. Corey Davis, PhD, CRNA

1. Consider the history of Enhanced Recovery After Surgery, and how these beginnings shaped the guidelines.
2. Recognize that the success of an ERAS protocol begins in the preoperative period and carries through past discharge.
3. Recognize that the success of an ERAS protocol involves all aspects and team members of the surgical services, not limited to anesthesia services only.

**11:15 AM - 12:15 PM**

1.0 CE | **Lecture: Non-OR Anesthesia**, T. Corey Davis, PhD, CRNA

1. Recognize that out-of-OR locations offer unique challenges to the anesthesia provider.
2. Apply the same standards to NORA cases as any other anesthetic.
3. Prepare for a variety of NORA cases.
