Jointly provided by the American Society of Anesthesiologists (ASA) and Society for Education in Anesthesia (SEA).

SEA 31st Spring Meeting
Quality and Safety Education Program Implementation at the Institutional Level
June 3 – 5, 2016
Lord Baltimore Hotel
Baltimore, Maryland

Register Online at www.SEAhq.org
Target Audience
This meeting is intended for medical students, residents, and faculty physician educators in anesthesiology and related disciplines who are interested in how technology, economics and legislation impact medical and anesthesia education, as well as how to improve teaching skills and faculty development.

About This Meeting
The purpose of this annual meeting is to educate and share information that will enable anesthesia educators to provide the highest level of education and improve patient outcomes. Opportunities for questions and answers will be provided at the conclusion of each presentation.

Registration
Registration for the 2016 Spring Annual Meeting includes continental breakfast, coffee breaks, lunch, SEA's President’s Reception, all workshops and the program syllabus. Note that all fees are quoted in U.S. currency. Non-Member registration fee includes SEA Active Membership Dues for the remainder of 2016. Member registrants must have 2016 dues paid in order to receive the member discount. Registration for the meeting can be made either by using the registration form in this brochure or through the SEA’s Web site at www.SEAhq.org.

Registration Deadline
The registration deadline for the meeting is May 6, 2016. Registrations received after May 6, 2016, will be processed at a higher fee.

ACCME Accreditation and Designation Statements
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of American Society of Anesthesiologists and the Society for Education in Anesthesia. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 16.75 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclaimer
The information provided at this CME activity is for continuing medical education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient’s medical condition.

Disclosure Policy
The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the American Society of Anesthesiologists to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all American Society of Anesthesiologists CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.

Special Needs
The Society for Education in Anesthesia fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any attendee in this educational activity is in need of accommodations, please contact the SEA at (414) 389-8614.

Cancellation Policy
Cancellations received through April 30, 2016, will receive a full refund. Cancellations received from May 1, 2016 through May 17, 2016 will receive a refund of 60 percent. Refunds will not be given after May 18, 2016. Cancellation of a meeting registration must be submitted in writing. Refunds will be determined by date written cancellation is received at the SEA office in Milwaukee, WI.
Overall Learning Objectives

At the conclusion of this activity, participants should be able to:

• Identify the components of a safety culture and how to create safety culture change in their home institution.
• Demonstrate how to develop a workable quality and safety education plan.
• Propose educational initiatives to create interdisciplinary and interprofessional quality and safety programs and measure their success.
• Discuss the components of the ABA staged examination system.
• Define OSCE and propose OSCE development for Milestones and preparation for the ABA Applied Examination.

Friday Workshops (Listed Alphabetically)

Applying Metacognitive Techniques to Anesthesia Education
Upon completion of this activity, learners will:

• Have learned the basics of Metacognition.
• Have used Metacognitive techniques in live education session to teach others.
• Have used Metacognitive techniques in live education session to teach others.

Cognitive Restructuring: Strategies for Overcoming Communication Barriers to Optimize Delivery of Collaborative and High Quality Patient Care
Upon completion of this activity, learners will:

• Identify common cognitive distortions that can lead to communication failure.
• Demonstrate approach to reframe cognitive errors resulting in positive communication.
• Exercise cognitive restructuring methodology to improve daily communication.

How to “Zoom” & Conduct “Hangouts”; Web Conferencing Apps to Enhance Learning
Upon completion of this activity, learners will:

• State the uses of Zoom and Google Hangouts web conferencing program.
• Use Zoom and Google Hangouts web conferencing software.
• Use Zoom and Google Hangouts web conferencing software in their teaching, administrative activities, and clinical care.

How to Run a Successful Workshop
Upon completion of this activity, learners will:

• Describe a framework for creating, managing and facilitating a workshop.
• In small groups, develop a sample workshop curriculum using knowledge gained from the above, utilizing a structured template intended to guide performance.
• Using report-outs from small groups, discuss strategies and pearls for running a highly successful workshop.

Implementation - Designing for Behavior Change
Upon completion of this activity, learners will:

• Be able to describe a comprehensive behavioral change framework.
• Be able to formulate an implementation strategy using the Behaviour Change Wheel.
• Create a series of interventions targeting a specific behavior using appropriate design principles.
Implementing a Root Cause Analysis Quality Conference at Your Institution
Upon completion of this activity, learners will:
• Be able to identify and apply the different parts of the RCA process.
• Be able to apply RCA technique to existing patient safety issues.
• Be able to apply the RCA technique to system issues.

Making Learning Stick: Using Spaced Repetition to Meet the Needs of Modern Residents
Upon completion of this activity, learners will:
• Describe the learning and cognitive science theories supporting the effectiveness of spaced repetition learning.
• Describe teaching techniques and educational tools that facilitate spaced repetition learning.
• Implement and evaluate changes to the educational experience for residents to improve long-term retention of medical knowledge.

Objective Structured Clinical Exams to Assess Resident Milestones
Upon completion of this activity, learners will:
• Select appropriate OSCEs for assessment of resident Milestones attainment.
• Select scoring tools and assessment practices appropriate for OSCEs.
• Analyze OSCE performance according to standardized scoring tools.

Peer Evaluation: Learn by Practicing
Upon completion of this activity, learners will:
• Recognize how peer evaluations can be successfully utilized to improve future teaching activities.
• Utilize an effective documentation tool for performing a teaching evaluation.
• Demonstrate how to effectively deliver formative feedback after performing a teaching evaluation.

Writing Abstracts 201: How to Make Your Education Research Abstract Stand Out From The Rest
Upon completion of this activity, learners will:
• Describe the different elements of education research abstracts.
• Differentiate between the necessary elements of quantitative and qualitative research abstracts.
• Review the grading criteria established by the SEA research committee.
• Evaluate written abstracts to determine if they incorporate these grading criteria.

Saturday Workshops (Listed Alphabetically)

Anti-Burnout: Quality and Mindfulness Go Hand-in-Hand
Upon completion of this activity, learners will:
• Describe the symptoms of burnout and recognize signs in self and others.
• Apply mindfulness to eating and understand the application to the operating room.
• Describe the benefits of appreciative inquiry and the problem with the negativity bias on a personal and systems level.

Cognitive Psychology and Behavior Change: Turning Good Intentions Into Effective Actions
Upon completion of this activity, learners will:
• Be able to describe the empirical effects and underlying psychological mechanisms of WOOP.
• Be able to use WOOP for their own personal or professional development goals.
• Make plans to implement WOOP with their own learners or colleagues.
Do You Want to Improve Quality and Safety of Procedures Performed at Your Institute? This Session Could Help You

Upon completion of this activity, learners will:
• Describe the different types of procedure a novice has to learn during anesthesia training.
• Identify that there are more than one method of teaching procedural skills.
• Understand the novices can be trained to “proficient” level in procedural skills before performing procedure on the patients.

Improving Quality by Improving Clinical Feedback: Using the Feedback Assessment for Clinical Education (FACE) in Anesthesiology Training Programs

Upon completion of this activity, learners will:
• Identify priorities for clinical feedback.
• Demonstrate use of clinical feedback tool.
• Evaluate clinical feedback performance, identifying areas for improvement and repetition.

Learning Effective Disclosure Skills: Empathy, Apologies and Managing Responses in Adverse Events

Upon completion of this activity, learners will:
• Understand the difference between empathy and apology and the settings in which they are appropriate.
• Identify effective approaches to disclosure of adverse events.
• Apply disclosure skills to improve effective physician/patient communication regarding adverse events.

Optimizing the Clinical Anesthesia Year 0 Experience

Upon completion of this activity, learners will:
• Learn about successfully strategies and models utilized at a variety of institutions for optimizing the utility of the categorical CA-0 year.
• Describe a strategy for integrating ideas from peers and workshop facilitators for optimizing the utility of their department’s categorical CA-0 year.

PBLDs for Quality Projects: Learn One, Do One, Go Home and Teach One

Upon completion of this activity, learners will:
• Describe the basic principles of QPs.
• Obtain a technique for engaging learners in discussion about the creation of QPs.
• Identify areas where QPs can be initiated and sustained.

Remediation of the “Problem” Resident

Upon completion of this activity, learners will:
• Identify “problem” residents in need of remediation.
• Design a remediation plan that is specific to the learner’s areas of difficulty.
• Identify resources to assist in remediation of a “problem” resident.

The Quality Mandate: How to Design a Resident Rotation in Quality Improvement

Upon completion of this activity, learners will:
• Know how to organize and implement a comprehensive patient safety and quality improvement rotation experience into their residency programs.
• Be able to lead residents through the steps involved in a quality improvement project.
• Be able to document improvements in quality and patient safety in the specific areas for which they have led a project.

Using Game-Based Simulation to Facilitate Self-Reflection and Discussions on Teamwork

Upon completion of this activity, learners will:
• Describe how to apply knowledge of teamwork elements to assessing team performance.
• Apply observational and self-reflection practices to team performance assessment.
Sunday Workshops (Listed Alphabetically)

Cognitive Restructuring: Strategies for Overcoming Communication Barriers to Optimize Delivery of Collaborative and High Quality Patient Care

Upon completion of this activity, learners will:

- Identify common cognitive distortions that can lead to communication failure.
- Demonstrate approach to reframe cognitive errors resulting in positive communication.
- Exercise cognitive restructuring methodology to improve daily communication.

Cyber Security: Taking Technology Two Steps Further

Upon completion of this activity, learners will:

- Gain a basic understanding of cyber insecurity.
- Learn practical ways to improve online security passwords.
- Apply this information to protect personal identity as well as patient health information.

Making Learning Stick: Using Spaced Repetition to Meet the Needs of Modern Residents

Upon completion of this activity, learners will:

- Describe the learning and cognitive science theories supporting the effectiveness of spaced repetition learning.
- Describe teaching techniques and educational tools that facilitate spaced repetition learning.
- Implement and evaluate changes to the educational experience for residents to improve long-term retention of medical knowledge.

Objective Structured Clinical Exams to Assess Resident Milestones

Upon completion of this activity, learners will:

- Select appropriate OSCEs for assessment of resident Milestones attainment.
- Select scoring tools and assessment practices appropriate for OSCEs.
- Analyze OSCE performance according to standardized scoring tools.

The OSCE is Coming! Preparing Your Learners for the New Board Certification Requirements

Upon completion of this activity, learners will:

- Describe the processes of developing OSCE case materials and checklists/rating scales designed to assess specific learning objectives.
- Develop a sample OSCE case scenario and checklist in collaboration with a group of fellow educators.
- Define reliability and validity as applied to OSCE-based assessment.
- Participate in a sample process of rater training and calibration designed to improve reliability of assessment scores.

Program Planning Committee

Deborah A. Schwengel, MD  
*Spring Meeting Chair*  
Assistant Professor of Anesthesiology, Critical Care Medicine and Pediatrics  
John Hopkins Hospital  
Baltimore, MD

Basem B. Abdelmalak, MD  
Associate Professor of Anesthesiology  
Cleveland Clinic  
Cleveland, OH

Carol Ann B. Diachun, MD, MSEd  
Associate Chair for Education  
Anesthesiology Residency Program Director  
Associate Professor of Anesthesiology  
University of Florida – Jacksonville  
Jacksonville, FL

Adrian Hendrickse, BM, FRCA  
Associate Professor  
University of Colorado Denver  
Aurora, CO

Stephanie B. Jones, M.D.  
Vice Chair for Education  
Department of Anesthesia, Critical Care, and Pain Medicine  
Beth Israel Deaconess Medical Center  
Associate Professor in Anesthesiology  
Harvard Medical School  
Boston, MA

Cindy Ku, MD  
Instructor in Anaesthesia and Associate Program Director  
Department of Anesthesia, Critical Care, and Pain Medicine  
Beth Israel Deaconess Medical Center  
Boston, MA

Beth L. Ladlie, MD, MPH  
Assistant Professor of Anesthesiology  
Mayo Clinic Florida  
Jacksonville, FL

Rana K. Latif, MD  
Associate Professor  
Department of Anesthesiology & Perioperative Medicine  
Anesthesiology and Neuroscience  
Critical Care  
Clinical Director, Paris Simulation Center  
Office of Medical Education  
University of Louisville  
Louisville, KY

John D. Mitchell, MD  
Residency Program Director  
Department of Anesthesia, Critical Care and Pain Medicine  
Beth Israel Deaconess Medical Center  
Associate Professor of Anesthesiology  
Harvard Medical School  
Boston, MA

K. Annette Mizuguchi, MD, PhD, MMSc  
Assistant Professor  
Brigham and Women’s Hospital  
Boston, MA

Amy M. Murray, MD  
Associate Professor  
Loyola University Medical Center  
Chicago, IL

Michael R. Sandison, MD  
Professor  
Albany Medical Center  
Albany, NY

Karen Souter, MB, BS, FRCA  
Professor  
Vice Chair for Education  
Residency Program Director  
Department of Anesthesiology & Pain Medicine  
University of Washington  
Seattle, WA

Kristen Vanderhoof, MD  
Assistant Professor of Anesthesiology, Director of OB Anesthesia, OB Anesthesiology Fellowship Director  
University of Florida College of Medicine – Jacksonville  
Jacksonville, FL

Michael T. Wiisanen, MD  
Assistant Professor  
Loyola University Medical Center  
Chicago, IL

Samuel D. Yanofsky, MD, MSEd  
Assistant Professor of Clinical Anesthesiology  
Keck School of Medicine of the University of Southern California  
Program Director, Children’s Hospital Los Angeles  
Los Angeles, CA

David A. Young, MD, MEd, MBA  
Associate Professor  
Baylor College of Medicine  
Houston, TX

Harendra Arora, MD  
Professor, Anesthesiology  
University of North Carolina  
Chapel Hill, NC

Jeffery Berger, MD  
Associate Dean for Graduate Medical Education & Designated Institutional Official  
Associate Professor of Anesthesiology & Critical Care Medicine  
The George Washington University  
School of Medicine & Health Sciences  
Washington, DC

Steve Boggs, MD, MBA  
Director of the OR and Chief of the Anesthesia Service, The James J. Peters VAMC  
Associate Professor, Anesthesiology  
The Icahn School of Medicine at Mount Sinai  
Bronx, NY

Sharon Bord, MD  
Assistant Professor of Emergency Medicine  
Johns Hopkins University School of Medicine  
Baltimore, MD

Alison Brainard, MD  
Assistant Professor  
University of Colorado  
Aurora, CO  
Jerrad Robert Businger  
Assistant Professor  
University of Louisville  
Louisville, KY

Danelle Cayea, MD, MS  
Assistant Professor of Internal Medicine  
Johns Hopkins University School of Medicine  
Baltimore, MD

Y. Melissa Chan, MD  
Assistant Professor & Associate Program Director  
University of Mississippi Medical Center  
Jackson, MS

Janak Chandrasoma, MD  
Assistant Professor of Anesthesiology  
University of Southern California  
Los Angeles, CA

---

*Faculty*

Harendra Arora, MD  
Professor, Anesthesiology  
University of North Carolina  
Chapel Hill, NC

Matt Austin, PhD  
Assistant Professor, Armstrong Institute for Patient Safety and Quality  
Assistant Professor, Anesthesiology and Critical Care Medicine  
Johns Hopkins University School of Medicine  
Baltimore, MD

Jeffery Berger, MD  
Associate Dean for Graduate Medical Education & Designated Institutional Official  
Associate Professor of Anesthesiology & Critical Care Medicine  
The George Washington University  
School of Medicine & Health Sciences  
Washington, DC

Steve Boggs, MD, MBA  
Director of the OR and Chief of the Anesthesia Service, The James J. Peters VAMC  
Associate Professor, Anesthesiology  
The Icahn School of Medicine at Mount Sinai  
Bronx, NY

Assistant Professor of Internal Medicine  
Johns Hopkins University School of Medicine  
Baltimore, MD

Y. Melissa Chan, MD  
Assistant Professor & Associate Program Director  
University of Mississippi Medical Center  
Jackson, MS

Janak Chandrasoma, MD  
Assistant Professor of Anesthesiology  
University of Southern California  
Los Angeles, CA
Swapna Chaudhuri, MD, PhD  
Professor of Anesthesiology & Vice-Chair for Administration  
Texas Tech University Health Sciences Center  
Lubbock, TX

Meir Chernovsky, MD  
Staff Physician, Walter Reed National Military Medical Center  
Assistant Professor, Uniformed Services University  
Washington, DC

Larry Chu, MD  
Associate Professor of Anesthesia  
Director, Stanford AIM Lab  
Stanford University School of Medicine  
Stanford, CA

Franklyn P. Cladis, MD, FAAP  
Associate Professor of Anesthesiology  
The Children’s Hospital of Pittsburgh of UPMC  
Pittsburgh, PA

Ira Todd Cohen, MD, MEd, FAAP  
Professor of Anesthesiology and Pediatrics  
George Washington School of Medicine  
Director of Education  
Children’s National Medical Center  
Washington, DC

Jenna Cottral, MD  
Clinical Fellow in Anaesthesia  
Harvard Medical School  
Boston, MA

Saundra Curry, MD  
Professor of Anesthesiology  
Columbia University  
New York, NY

Melissa Davidson, MD  
Associate Professor of Anesthesiology, Director of Anesthesia Education  
University of Vermont College of Medicine  
Burlington, VT

Joanna M. Davies, MB, BS, FRCA  
Associate Professor  
University of Washington Medical Center  
Seattle, WA

Nina Deutsch, MD  
Associate Professor of Anesthesiology and Pediatrics  
Children’s National Medical Center  
Washington, DC

Carol Ann B. Diachun, MD, MSEd  
Associate Chair for Education  
Anesthesiology Residency Program Director  
Associate Professor of Anesthesiology  
University of Florida – Jacksonville  
Jacksonville, FL

Amy DiLorenzo, MRC  
Education Specialist, Senior Lecturer  
University of Kentucky  
Lexington, KY

Michelle W. Diu, MD, FAAP  
Assistant Professor  
Department of Anesthesiology  
Pediatric Anesthesia, Children’s Hospital and Medical Center  
University of Nebraska Medical Center, College of Medicine  
Omaha, NE

Greta Duncan Wiebe, MD  
Assistant Professor of Anesthesiology  
UNMC and Children’s Hospital & Medical Center, Dept. of Anesthesiology  
Omaha, NE

Andrew Dutkoit, MD  
Assistant Professor of Anesthesiology  
UNMC and Children’s Hospital & Medical Center, Dept. of Anesthesiology  
Omaha, NE

Brian J. Egan, MD, MPH  
Assistant Professor of Anesthesiology  
Columbia University  
New York, NY

Herodotus Ellinas, MD, FAAP, FACP  
Assistant Professor of Anesthesiology  
Medical College of Wisconsin  
Milwaukee, WI

Jennifer R. Gastelum, MD  
CA-2 Anesthesia Resident  
University of California Irvine  
Orange, CA

Jessica Anne George, MD  
Assistant Professor  
Associate Residency Program Director  
Pediatric Anesthesiology and Critical Care Medicine  
Johns Hopkins University, School of Medicine  
Baltimore, MD

Sheldon Goldstein  
Associate Professor of Clinical Anesthesiology  
Albert Einstein College of Medicine  
Bronx, NY

Kimberly Hanson, MD, PhD  
Pediatric Anesthesiology  
Associate Professor Anesthesiology, UNMC  
Omaha Children’s Hospital and Medical Center  
Omaha, NE

Ann E. Harman, PhD  
Chief Assessments Officer  
The American Board of Anesthesiology  
Raleigh, NC

Jonathan Hastie, MD  
Assistant Professor of Anesthesiology  
at CUMC  
Assistant Director, Residency Program  
Associate Medical Director, Cardiothoracic ICU  
Divisions of Critical Care and Cardiothoracic Anesthesiology  
Columbia University College of Physicians and Surgeons  
New York, NY

Maya Hastie, MD  
Assistant Professor  
Columbia University  
New York, NY

Amie Hoefnagel, MD  
Assistant Professor of Anesthesiology  
University of Florida College of Medicine  
Jacksonville, FL

Rob Isaak, DO  
Assistant Professor of Anesthesiology  
University of North Carolina  
Chapel Hill, NC

Cullen Jackson, PhD  
Instructor in Anaesthesia  
Harvard Medical School  
Boston, MA

Norah Janosy, MD  
Assistant Professor  
University of Colorado  
Aurora, CO

Teresa R. Johnson, PhD  
Assistant Professor, Health Sciences Informatics  
Director, Office of Assessment and Evaluation  
Johns Hopkins University School of Medicine  
Baltimore, MD

Juliana Jung, MD  
Associate Professor of Emergency Medicine  
Johns Hopkins University School of Medicine  
Baltimore, MD

Stephen Kimatian, MD  
Associate Professor of Anesthesiology  
Vice Chair for Education  
Cleveland Clinic Institute  
Cleveland, OH

Cindy Ku, MD  
Instructor in Anaesthesia and Associate Program Director  
Department of Anesthesia, Critical Care, and Pain Medicine  
Beth Israel Deaconess Medical Center  
Boston, MA

Viji Kurup, MD  
Director, Departmental Education  
Associate Professor, Department of Anesthesiology  
Yale University School of Medicine  
New Haven, CT

Asad Latif, MD, MPH  
Assistant Professor, Department of Anesthesiology and Critical Care Medicine, Johns Hopkins School of Medicine  
Core Faculty, Armstrong Institute for Patient Safety and Quality  
Co-Director, Surgical and Burns ICUs, Johns Hopkins Bayview Medical Center  
Johns Hopkins Medicine  
Baltimore, MD
Rana K. Latif, MD  
Associate Professor  
Department of Anesthesiology &  
Perioperative Medicine  
Anesthesiology and Neuroscience  
Critical Care  
Clinical Director, Paris Simulation  
Center  
Office of Medical Education  
University of Louisville  
Louisville, KY

John P. Lawrence, MD, MEd  
Professor of Anesthesiology &  
Residency Program Director  
University of Cincinnati  
Cincinnati, OH

Tanya Lucas, MD  
Associate Professor  
University of Massachusetts  
Worcester, MA

Bryan Mahoney, MD  
Director, Residency Training Program  
Department of Anesthesiology  
Mount Sinai St. Luke’s, Mount Sinai  
Roosevelt Hospitals  
New York, NY

Bridget Murphy Marroquin, MD  
Assistant Professor of Anesthesiology  
University of Vermont College of Medicine  
Burlington, VT

Stuart McGrane, MBChB  
Assistant Professor  
Vanderbilt University  
Nashville, TN

J. Thomas McLarney, MD  
Associate Professor of Anesthesiology  
University of Kentucky  
Lexington, KY

Samantha Meltzer-Brody, MD  
Associate Professor; Associate Chair for Faculty Development; and Director of the Perinatal Psychiatry Program, UNC Center for Women’s Mood Disorders  
University of North Carolina  
Chapel Hill, NC

Rebecca D. Minehart, MD, MSHPEd  
Assistant Professor, Harvard Medical School  
Massachusetts General Hospital  
Boston, MA

John D. Mitchell, MD  
Residency Program Director  
Department of Anesthesia, Critical Care and Pain Medicine  
Beth Israel Deaconess Medical Center  
Associate Professor of Anesthesia  
Harvard Medical School  
Boston, MA

K. Annette Mizuguchi, MD, PhD, MMSc  
Assistant Professor  
Brigham and Women’s Hospital  
Boston, MA

Aurel Neamtu, MD  
Assistant Professor  
University of Louisville  
Louisville, KY

David G. Nichols, MD, MBA  
President and CEO  
The American Board of Pediatrics  
Chapel Hill, NC

Kristin Ondecho Ligda, MD  
Assistant Professor of Anesthesiology  
University of Pittsburgh Medical Center  
Pittsburgh, PA

Rachel Onello, PhD, RN, CHSE, CNE, CNL  
Assistant Professor  
Department of Organizational Systems and Adult Health  
University of Maryland School of Nursing  
Baltimore, MD

Barbara Orlando, MD  
Assistant Professor of Anesthesiology  
Clinical Base Year Director  
Mount Sinai St. Luke’s and Roosevelt Hospitals  
Icahn School of Medicine at Mount Sinai Medical Center  
Mount Sinai Health System  
New York, NY

Christine Park, MD  
Associate Professor  
Northwestern University Feinberg School of Medicine  
Chicago, IL

Cathleen Peterson-Layne, PhD, MD  
Associate Professor  
Duke University  
Durham, NC

Sujatha Ramachandran, MD  
Associate Professor of Clinical Anesthesiology, and Residency Program Director  
Albert Einstein College of Medicine  
Bronx, NY

Annette Rebel, MD  
Associate Professor  
Residency Program Director  
Department of Anesthesiology  
University of Kentucky  
Lexington, KY

Srijaya K. Reddy, MD, MBA  
Assistant Professor of Anesthesiology and Pediatrics  
Children’s National Medical Center  
Washington, DC

Rachel Roberts, MD  
Anesthesiology Resident  
University of Mississippi Medical Center  
Jackson, MS

Michael A. Rosen, PhD  
Associate Professor  
Armstrong Institute for Patient Safety & Quality  
Department of Anesthesiology and Critical Care Medicine  
Johns Hopkins University School of Medicine  
Baltimore, MD

Michael Rufino, MD  
Associate Professor of Clinical Anesthesiology, and Associate Residency Program Director  
Albert Einstein College of Medicine  
Bronx, NY

Haleh Saadat, MD, FAAP  
Associate Professor of Anesthesiology  
Ohio State University, College of Medicine, Dept. of Anesthesiology and Pain Medicine/Integrated Anesthesia Associates  
Woodbridge, CT

Objectives

Chief Resident: What Everyone Expects
Melissa Davidson, MD
At the conclusion of the session participants will be able to:
• Identify the multifactorial Anesthesiology program requirements and how they impact the chief resident’s duties and responsibilities

Leadership Primer
Stephen Kimatian, M.D.
At the conclusion of the session, participants will be able to:
• Define leadership
• Distinguish between managing and leading
• Enumerate the challenges of leadership
• List character attributes of effective leaders
• Reflect on the type of leadership style best suited to their program and an action plan that sets the groundwork for success

Emotional Intelligence
Ira Todd Cohen, MD, MEd, FAAP
At the conclusion of the session, participants will be able to:
• Compare emotional intelligence (EQ) to cognitive intelligence (IQ)
• Examine different EQ models
• Apply EQ principles

The Difficult Resident and Providing Feedback
J. Michael Vollers, MD
At the conclusion of the session, participants will be able to:
• Recognize the importance of feedback as a learning tool
• Demonstrate key strategies in providing feedback
• Practice delivering feedback for specific “problem residents” and to those residents working through the feedback scenarios

Roundtable Discussion: Time Management
Kathy D. Schlecht, DO
At the conclusion of the session, participants will be able to:
• Identify where time goes
• Determine if schedules reflect priorities
• Define mental clutter
• Create a plan to incorporate the ‘ideal life’ into every day

Roundtable Discussion: Conflict Resolution
Herodotos Ellinas, MD, FAAP, FACP
At the conclusion of the session, participants will be able to:
• Define “crucial” conversations
• Identify modes for dealing with conflict
• Describe a strategy for managing conflict
• Discuss how to effectively communicate in today’s electronic world

Roundtable Discussion: Identify Colleagues in Trouble
J. Thomas McLarney, Jr., M.D.
At the conclusion of the session, participants will be able to:
• Identify the major types of stressors for residents
• Describe difficulties in recognizing colleagues in distress
• Describe signs consistent with depression and impairment
• Outline optimal methods to approach colleagues in trouble
• Distinguish situations requiring professional counseling vs informal aid

Roundtable Discussion: Ethics and Professionalism
Ira Todd Cohen, MD, MEd, FAAP
At the conclusion of the session, participants will be able to:
• Define ethics and professionalism
• Explain ethical development
• Explore implications of developmental stages
• Apply ethical standards to clinical scenarios
**Registration Form**

June 3 – 5, 2016 • Lord Baltimore Hotel • Baltimore, Maryland

The registration deadline for the early bird rate is May 18, 2016. Individuals who wish to register after June 1 must do so on-site at the meeting and will be charged a higher fee. After you registration is processed, a confirmation email will be sent to the address listed on this form.

Attendees may select one Workshop per session. Workshops will be assigned on a first-come, first-served basis and seating is limited as indicated.

**Meeting Workshops**

*Space is limited; 30 spots per workshop unless otherwise noted. Only select 1 per timeslot.*

**Friday, June 3, 2016 • 10:30 am – 12:00 pm**
- A.) Implementation - Designing for Behavior Change
- B.) Making Learning Stick: Using Spaced Repetition to Meet the Needs of Modern Residents
- C.) Cognitive Restructuring: Strategies for Overcoming Communication Barriers to Optimize Delivery of Collaborative and High Quality Patient Care
- D.) How to Run a Successful Workshop
- E.) Applying Metacognitive Techniques to Anesthesia Education

**Friday, June 3, 2016 • 3:45 pm – 5:15 pm**
- A.) Objective Structured Clinical Exams to Assess Resident Milestones
- B.) Peer Evaluation: Learn by Practicing
- C.) Implementing a Root Cause Analysis Quality Conference at Your Institution
- D.) How to “Zoom” & Conduct “Hangouts”; Web Conferencing Apps to Enhance Learning
- E.) Writing Abstracts 201: How to Make Your Education Research Abstract Stand Out From The Rest
- F.) The History of Medicine Tour

**Saturday, June 4, 2016 • 11:00 am – 12:30 pm**
- A.) Do You Want to Improve Quality and Safety of Procedures Performed at Your Institute? This Session Could Help You
- B.) Improving Quality by Improving Clinical Feedback: Using the Feedback Assessment for Clinical Education (FACE) in Anesthesiology Training Programs
- C.) Learning Effective Disclosure Skills: Empathy, Apologies and Managing Responses in Adverse Events
- D.) Using Game-Based Simulation to Facilitate Self-Reflection and Discussions on Teamwork
- E.) Anti-Burnout: Quality and Mindfulness Go Hand-in-Hand

**Saturday, June 4, 2016 • 3:30 pm – 5:00 pm**
- A.) Cognitive Psychology and Behavior Change: Turning Good Intentions Into Effective Actions
- B.) Remediation of the “Problem” Resident
- C.) PBLDs for Quality Projects: Learn One, Do One, Go Home and Teach One
- D.) Optimizing the Clinical Anesthesia Year 0 Experience
- E.) The Quality Mandate: How to Design a Resident Rotation in Quality Improvement

**Sunday, June 5, 2016 • 9:00 am – 10:30 am**
- B.) Making Learning Stick: Using Spaced Repetition to Meet the Needs of Modern Residents
- C.) Objective Structured Clinical Exams to Assess Resident Milestones
- D.) Cognitive Restructuring: Strategies for Overcoming Communication Barriers to Optimize Delivery of Collaborative and High Quality Patient Care
- E.) The OSCE is Coming! Preparing Your Learners for the New Board Certification Requirements
