Reviewer Instructions: Please fill out this review form for each applicant. You may also add notes or provide additional comments at the end of this form.

Does the applicant meet the requirements of the Biological Science category?
- Meets 9 credits in ecology
- Meets 6 other credits in biological science
- Need clarification on course(s)
  - What additional course clarifications do you need for the Biological Science category?
- Does not meet requirements

Is the applicant using the grandfathering provision for the Biological Science category?
- How many credits are getting grandfathered?
- Is the knowledge earned through other means sufficient to offset the missing credits?
- If not, why not?

Does the applicant meet the requirements of the Physical Science Category?
- Meets 6 credits in soils, hydrology, or climate science
- Meets 9 other credits in Physical Science
- Need clarification on course(s)
  - What additional course clarifications do you need for the Physical Science category?
- Does not meet requirement

Is the applicant using the grandfathering provision for the Physical Science Category?
- How many credits are getting grandfathered?
- Is the knowledge earned through other means sufficient to offset the missing credits?
- If not, why not?
**Does the applicant meet the requirements of the Resource Conservation and Management category?**

- Meets 3 credits in ecological dimensions
- Meets 3 credits in human dimensions
- Meets 6 remaining resource conservation and management courses
- Need clarification on course(s)

  - **What additional course clarifications do you need for the Resource Conservation and Management category?**

  - Does not meet requirements

**Is the applicant using the grandfathering provision for the Resource Conservation and Management category?**

- How many credits are getting grandfathered?
- Is the knowledge earned through other means sufficient to offset the missing credits?
- If not, why not?

**Does the applicant meet the requirements of the Quantitative Science category?**

- Meets 6 credits in inventory, monitoring, and assessment
- Meets 3 remaining credits in Quantitative Science
- Need clarification on course(s)

  - **What additional course clarifications do you need for the Quantitative Science category?**

  - Does not meet requirements
Is the applicant using the grandfathering provision for the Quantitative Science category?

- How many credits are getting grandfathered?
- Is the knowledge earned through other means sufficient to offset the missing credits?
- If not, why not?

Does the applicant meet the requirements for 6 credits in Ecological Restoration?

- Yes
- Need clarification on course(s)
- What additional course clarifications do you need for the Ecological Restoration category?
- No

Is the applicant using the grandfathering provision in the Ecological Restoration category?

- How many credits are getting grandfathered?
- Is the knowledge earned through other means sufficient to offset the missing credits?
- If not, why not?

Does the applicant have 5 years of full-time experience or equivalence?

- Yes
- No

Does Project #1 align with standard best practices in the field of ecological restoration?

- 5 (Completely aligns with best practices)
- 4
- 3 (Neutral)
Does Project #2 align with standard best practices in the field of ecological restoration?

- 5 (Completely aligns with best practices)
- 4
- 3 (Neutral)
- 2
- 1 (Does not align with best practices)

Does Project #3 align with standard best practices in the field of ecological restoration?

- 5 (Completely aligns with best practices)
- 4
- 3 (Neutral)
- 2
- 1 (Does not align with best practices)

Rate Reference #1

(5-Outstanding Applicant described as superior or exceptional technical skills and/or character, 4-Excellent The applicant demonstrates extremely strong, but not exceptional, characteristics, 3-Strong The applicant demonstrates strong characteristics, 2-Average The applicant's technical abilities are satisfactory however the reviewer may have reservations, 1-Below Average The applicant lacks technical skills or the reference has major reservations, 0-Weak The applicant does not have basic technical skills relevant to the field.)

- 5 (Outstanding)
- 4 (Excellent)
- 3 (Strong)
Rate Reference #2

- 5 (Outstanding)
- 4 (Excellent)
- 3 (Strong)
- 2 (Average)
- 1 (Below Average)

Rate Reference #3

- 5 (Outstanding)
- 4 (Excellent)
- 3 (Strong)
- 2 (Average)
- 1 (Below Average)

Do you need to see any supplemental information before you make a final recommendation?

- Yes
  - What supplemental information do you need to see to make a final recommendation?
- No

Final Application Recommendation

- Accept as CERP
- Downgrade to CERPIT
☐ Reject
☐ Ask for Supplemental Information
