

38TH ANNUAL ATLANTA BREAST SURGERY SYMPOSIUM

COMMITMENT TO EXCELLENCE

JANUARY 27-29, 2023 | INTERCONTINENTAL HOTEL | ATLANTA, GEORGIA

Why Choose Between Shape Retention and Natural Feel? Choose Both.*

LOOK:
Retains more
upper-pole fullness†

FEEL:
Provides a
natural feel‡

The MemoryGel BOOST™ Breast Implant
provides the natural feel patients desire with increased
form stability to shape the breast.*

*Head-to-head in-person tabletop product comparison (MemoryGel Boost vs. Allergan Inspira Cohesive) with 297 respondents; In-person consumer survey with 452 respondents; Head-to-head form stability benchtop testing vs MemoryGel® Xtra and MemoryGel Breast Implants.
†Based on benchtop testing, when compared to Allergan and Sientra corresponding profiles and base widths. The third party trademarks used herein are the properties of their respective owners.

WARNING:

- Breast implants are not considered lifetime devices. The longer people have them, the greater the chances are that they will develop complications, some of which will require more surgery.
- Breast implants have been associated with the development of a cancer of the immune system called breast implant-associated anaplastic large cell lymphoma (BIA-ALCL). This cancer occurs more commonly in patients with textured breast implants than smooth implants, although rates are not well defined. Some patients have died from BIA-ALCL.
- Patients receiving breast implants have reported a variety of systemic symptoms such as joint pain, muscle aches, confusion, chronic fatigue, autoimmune diseases and others. Individual patient risk for developing these symptoms has not been well established. Some patients report complete resolution of symptoms when the implants are removed without replacement.

The sale and distribution of Mentor Breast Implant Devices are restricted to users and/or user facilities that provide information to patients about the risks and benefits of the device prior to its use in the form and manner specified in approved labeling to be provided by Mentor Worldwide LLC.

Important Safety Information:

MENTOR® MemoryGel® Breast Implants are indicated for breast augmentation in women at least 22 years old or for breast reconstruction. Breast implant surgery should not be performed in women with active infection anywhere in their body with existing cancer or pre-cancer of their breast who have not received adequate treatment for those conditions or are pregnant or nursing. Breast implants are not lifetime devices and breast implantation is not necessarily a one-time surgery. The chance of developing complications increases over time. The most common complications with the MemoryGel® Breast Implants include reoperation, capsular contracture, asymmetry, and breast pain. A lower risk of complication is rupture. The health consequences of a ruptured silicone gel-filled breast implant have not been fully established. MRI screenings are recommended three years after initial implant surgery and then every two years after to detect silent rupture. Breast implants are also associated with the risk of breast implant-associated anaplastic large cell lymphoma (BIA-ALCL), an uncommon type of lymphoma. An individual's risk of developing BIA-ALCL with MENTOR® Breast Implants is low based on the incidence of worldwide cases. Patients should receive a copy of Important Information for Augmentation Patients about MENTOR® MemoryGel® Silicone Gel-Filled Breast Implants or Important Information for Reconstruction Patients about MENTOR® MemoryGel® Silicone Gel-Filled Breast Implants. Your patient needs to read and understand the information regarding the risks and benefits of breast implants, with an opportunity to consult with you prior to deciding on surgery. For detailed indications, contraindications, warning and precautions associated with the use of MemoryGel® Breast Implants. Please refer to the P Instructions for Use (IFU) provided with each product, or online at www.mentorworldllc.com.

SYMPOSIUM CHAIRS

Program Chairs

Albert Losken, MD

Professor of Plastic Surgery,
Emory Plastic Surgery Program Director
Emory University
Atlanta, Georgia

James D. Namnoum, MD

Clinical Assistant Professor
Emory University
Atlanta, Georgia

Program Co-Chairs

Amy Alderman, MD

Private Practice
Atlanta, Georgia

L. Franklyn Elliott, MD

Private Practice
Atlanta, Georgia

SYMPOSIUM FACULTY

Robert J. Allen, Sr., MD

Clinical Professor of Plastic Surgery
Louisiana State University
Health Sciences Center
New Orleans, Louisiana

Mitchell Brown, MD

Plastic and Reconstructive Surgeon
University of Toronto
Toronto, Canada

Louis P. Bucky, MD

Clinical Professor of Surgery
Division of Plastic and Reconstructive Surgery,
University of Pennsylvania
School of Medicine
Chief of Plastic Surgery Pennsylvania
Hospital Philadelphia, Pennsylvania

M. Bradley Calobrace, MD

Clinical Faculty in Plastic Surgery
University of Louisville and University
of Kentucky
Louisville & Lexington, Kentucky

Abhishek Chatterjee, MD, MBA

Associate Professor of Surgery
Tufts Medical Center Chief of Plastic Surgery
Associate Director of Tufts Cancer Center
Tufts Medical Center/Tufts Medical School
Boston, Massachusetts

Carrie Chu, MD, MS

Associate Professor of Plastic Surgery
Assistant Program Director,
Microsurgery Fellowship Program
University of Texas MD Anderson Cancer
Center
Houston, Texas

Mark W. Clemens, MD, MBA

Associate Vice President Perioperative Services
Professor of Plastic Surgery
MD Anderson Cancer Center, University of Texas
Breast Section Editor, Aesthetic Surgery Journal
Houston, Texas

Caroline A. Glicksman, MD, MSJ

Clinical Assistant Professor Hackensack
Meridian School of Medicine
Sea Grit, New Jersey

Dennis C. Hammond, MD

Partners in Plastic Surgery
Grand Rapids, Michigan

Melinda J. Haws, MD

Nashville, Tennessee

John Y.S. Kim, MD

Professor of Plastic Surgery
Northwestern University School of Medicine
Chicago, Illinois

Brian M. Kinney, MD

Clinical Associate Professor of Plastic
Surgery
University of Southern California
Beverly Hills, California

Danielle M. LeBlanc, MD

Private Practice, LeBlanc Plastic Surgery
Clinical Assistant Professor of Plastic Surgery
UT Southwestern Medical Center
Fort Worth, Texas

Patrick Mallucci, MD

London, England

G. Patrick Maxwell, MD

Maxwell Aesthetics
Nashville, Tennessee

Arash Momeni, MD

Assistant Professor of Surgery
Director, Clinical Outcomes Research
Ryan-Upson Scholar in Plastic &
Reconstructive Surgery
Stanford University Medical Center
Palo Alto, California

Alexandre M. Munhoz, MD

Chief, Plastic Surgery Division, Hospital
Moriah
Director, Breast Reconstruction Group
Instituto de Cancer do Estado de Sao Paulo
Associate Professor, Instituto de Ensino e
Pesquisa, Hospital Sirio-Libanes
Sao Paulo, Brazil

Anne Peled, MD

Director, Breast Cancer Program
Sutter Health CPMC
San Francisco, California

Mario Pelle Ceravolo, MD

Professor of Plastic Surgery Padua University
Rome, Italy

Loren S. Schechter, MD

Professor of Surgery and Urology
Director, Gender Affirmation Surgery
Rush University Medical Center
Chicago, Illinois

Michael R. Schwartz, MD

Private Practice
Westlake Village, California

Aldona J. Spiegel, MD

Professor of Plastic Surgery, Weill
Cornell Medical College
Professor of Plastic Surgery, Houston
Methodist Academic Inst.
Director, The Center for Breast
Restoration
Chief, Division of Surgical Innovation,
Houston Methodist Hospital
Adjunct Professor, Dept of
Bioengineering, Rice University
Houston, Texas

Louis L. Strock, MD

Clinical Assistant Professor
UT Southwestern Medical Center
Fort Worth, Texas

Steven Teitelbaum, MD

Assistant Clinical Professor of Plastic
Surgery
David Geffen School of Medicine UCLA
Santa Monica, California

Peter W. Thompson, MD

Assistant Professor of Plastic Surgery
Emory University
Atlanta, Georgia

Bruce W. Van Natta, MD

Private Practice, Meridian Plastic
Surgeons
Clinical Associate Professor of Plastic
Surgery
Indiana University School of Medicine
Indianapolis, Indiana

Richard J. Zienowicz, MD

Associate Professor of Plastic Surgery
Chief- Division of Cosmetic Surgery
Alpert School of Medicine
Brown University
Providence, Rhode Island

SPONSORED BY:

**The Southeastern
Society of Plastic and
Reconstructive Surgeons
(SESPRS)**

**SUPPORT BY:****ENDORSED BY:****PROGRAM OBJECTIVES**

At the completion of this CME activity, registrants will be able to:

- Enhance and expand surgical technique in cases such as nipple reconstruction, reduction of the reduced breast, superomedial reduction, stabilizing IMF, and deciding on the ideal nipple position,
- Assess advantages of autologous breast reconstruction,
- Review prosthetic based breast reconstruction techniques in relation to subpectoral or prepectoral,
- Identify techniques for revisional breast surgery to enhance outcomes,
- Update on BIA-ALCL treatment options to optimize outcomes,
- Review the most up to date data related to breast implant illness,
- Improve the strategies in management of breast augmentation and mastopexy to maximize results and minimize complications,
- Discuss strategies in top surgery and gynecomastia surgery,
- Review current techniques of breast implant surgery related to implant type and placement,
- Discuss long-term effects and safety of the oncoplastic breast surgery patient,
- Identify hot topics in breast surgery.

ACCREDITATION

The Southeastern Society of Plastic and Reconstructive Surgeons is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide medical education for physicians.

The Southeastern Society of Plastic and Reconstructive Surgeons designates this live activity for a maximum of **19.75 AMA PRA Category 1 Credit(s)**[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the **19.75 AMA PRA Category 1 Credit(s)**[™], 1.50 have been identified as applicable to patient safety. ▲

THURSDAY, JANUARY 26, 2023

6:00–7:00 pm **Welcome Reception and Early Registration**
 Intercontinental Hotel
 Windsor Ballroom Foyer

FRIDAY, JANUARY 27, 2023

6:00–7:30 am **Registration**
 Continental Breakfast/Visit Exhibits
 Windsor Ballroom Foyer

8:00 am **SESPRS WELCOME**
 Albert Losken, MD, President SESPRS

8:00–12:00 pm **LIVE SURGERY TELECAST**
 Moderators – Losken and Alderman

Room 1 **Northside Hospital**
 Observers – Brown and Glicksman

8:00 am **Schechter – Gender Affirming Mastectomy**

10:00 am **Strock – Secondary Breast Augmentation with Mesh**

Room 2 **Northside Hospital**
 Observers – Haws and Bucky

8:00 am **Zienowicz – Trans Abdominal Breast Augmentation**

10:30 am **Video Tips & Tricks (5 minutes each)**
Thompson – Options for Nipple Reconstruction
Losken – Superomedial Reduction Simplified
Mallucci – How I Decide the Ideal Nipple Position

Live Surgery Generously Supported by Northside Hospital

12:00–1:00 pm **Lunch** - Hope and Trippe Ballrooms

FRIDAY, JANUARY 27, 2023 - *continued*

1:00 pm **Opening Remarks**
Albert Losken, MD

1:00–2:00 pm **AUTOLOGOUS BREAST RECONSTRUCTION**
Moderator – Elliott

1:00–1:12 pm **Spiegel – Refinements in DIEP Flap Reconstruction**

1:12–1:24 pm **Chu – Bespoke Breast Reconstruction: Tailored Selection of Traditional and Alternative Donor Sites for Autologous Breast Reconstruction.**

1:24–1:36 pm **Momeni – Hybrid Breast Reconstruction - When Does the Combination of Flap and Implant Make Sense?**

1:36–1:48 pm **Losken – The Value of the Latissimus Dorsi Flap in Breast Reconstruction**

1:48–2:00 pm **Chu – Adding PAP Flaps to Your Autologous Breast Reconstruction Armamentarium: Tips & Tricks for Getting Started**

2:00–2:15 pm **Discussion**

2:15–2:45 pm **HONORARY HARTRAMPF LECTURE**
Introduction – Losken
Robert J. Allen, MD – “The Marriage of Beauty and Blood Supply”

2:45–3:15 pm Coffee Break/Visit Exhibits
Windsor Ballroom Foyer

3:15–4:30 pm **PROSTHETIC BASED BREAST RECONSTRUCTION**
Moderator – Losken

3:15–3:27 pm **Momeni – Deciding Between Prepectoral vs. Subpectoral Implant-based Breast Reconstruction**

3:27–3:39 pm **Hammond – Implant Based Breast Reconstruction – The “Bioengineered” Breast**

3:39–3:51 pm **Clemens – Aesthetic Refinement of Prepectoral Breast Reconstruction**

▲ Identified as applicable to patient safety

FRIDAY, JANUARY 27, 2023 - *continued*

3:51-4:03 pm	Spiegel – Strategies in Direct to Implant Prepectoral Reconstruction	
4:03-4:15 pm	LeBlanc – Mastopexy Options at the Time of Direct to Implant Reconstruction	
4:15-4:30 pm	Discussion	
4:30-6:15 pm	REVISIONAL BREAST SURGERY Moderator – Alderman	
4:30-4:42 pm	Pelle-Ceravolo – Breast Animation Deformity: How to Avoid and How to Treat	▲
4:42-4:54 pm	Clemens – Salvage of the Infected Breast Implant	
4:54-5:06 pm	Munhoz – How to Prevent and Treat Implant Visibility	▲
5:06-5:18 pm	LeBlanc – Useful Techniques in Secondary Breast Reconstruction	
5:18-5:30 pm	Calobrace – Management and Prevention of Capsular Contracture	▲
5:30-5:42 pm	Brown – Correcting Implant Malposition	
5:42-5:54 pm	Kinney – Unusual Challenges in Secondary Breast Augmentation	
5:54-6:15 pm	Discussion	
6:30-8:00 pm	Gala Reception Venetian Ballroom	

▲ Identified as applicable to patient safety

SATURDAY, JANUARY 28, 2023

7:00–8:00 am **Rise and Shine Coffee Bar**
Ballroom Foyer

7:00–8:00 am **NEW TECHNOLOGIES IN BREAST SURGERY**
Non CME

7:00–7:12 am **Munhoz – Radio Frequency Identification Devices in Breast Implant Surgery**

7:12–7:24 am **Kim – Utility of PDO-Mesh in Breast Surgery** ▲

7:24–7:36 am **Hammond – Periareolar Augmentation Mastopexy**

7:36–7:48 am **Calobrace – The Skinny on Fat Grafting in the Breast**

7:48–8:00 am **Discussion**

8:00–8:30 am **Continental Breakfast/Visit Exhibits**
Windsor Ballroom Foyer

8:30–10:30 am **BREAST IMPLANT PANEL**
Moderator – Alderman

8:30–8:42 am **Alderman – Update on the National Breast Implant Registry**

8:42–8:54 am **Strock – An Overview of Breast Implant Technologies and Data**

8:54–9:06 am **Schwartz – Applying Textured Principles in a Smooth Implant World**

9:06–9:18 am **Mallucci – The Atlantic Divide – Our Continued Use of Textured Implants**

9:18–9:30 am **Kim – Can Breast Implants Protect Against Breast Cancer**

9:18–9:35 am **Discussion**

9:35–9:47 am **Glicksman – An Update on the Clinical and Specimen Data from Patients with Breast Implant Illness**

SATURDAY, JANUARY 28, 2023 - *continued*

9:47-9:59 am	Teitlebaum – Comprehensive Management of the Patient with Breast Implant Illness
9:59-10:11 am	Clemens – BIA-ALCL: Treatment Beyond the Guidelines
10:11-10:23 am	Haws – How My Conversation with BII Patients has Changed with the Latest Research
10:23-10:30 am	Discussion
10:30-10:45 am	Coffee Break/Visit Exhibits Windsor Ballroom Foyer
10:45-12:15 pm	BREAST AUGMENTATION AND MASTOPEXY Moderator – Namnour
10:45-10:57 am	Strock – Is the Subfascial Pocket an Appealing Alternative to the Dual Plane Approach in Breast Augmentation?
10:57-11:09 am	Calobrace – Incisional Approaches in Primary Breast Augmentation and How to Stabilize the Fold
11:09-11:21 am	Van Natta – Use of Mesh in Primary Breast Augmentation
11:21-11:33 am	Schwartz – Mastopexy with Auto-augmentation Flap and Mesh Support
11:33-11:45 am	Zienowicz – Why the Trans Abdominal Breast Augmentation Approach
11:45-11:57 am	Munhoz – How to Achieve Long Lasting Results with Hybrid Augmentation Mastopexy
11:57-12:15 pm	Discussion
12:15-1:15 pm	Lunch

SATURDAY, JANUARY 28, 2023 - *continued***BOSTWICK RESIDENT COMPETITION AWARD**

Moderator: Losken

Prophylactic Post-Operative Antibiotics Do Not Reduce Surgical Site Infection Incidence in Tissue Expander-Based Breast Reconstruction: A Propensity Score-Matched Analysis**Amanda Sergesketter, MD**

1:15-1:45 pm

INTERNATIONAL SCHOLARS' AWARDS - CANADA

Moderators – Losken and Brown

Rayisa Hontscharuk, MD, MSc**Janine Roller, BSc, MD****Sophocles Voineskos, MD, MSc****2022 BREAST SYMPOSIUM LIVE SURGERY RESULTS**

Moderator – Namnoum

Case 1: **Bucky – Composite Breast Augmentation**Case 2: **Brzezienski – Delayed Autologous Latissimus Dorsi Reconstruction**Case 3: **Peled – Nipple-sparing Mastectomy with Direct to Implant Prepectoral Reconstruction with Nerve Preservation and Grafting**

1:45-2:45 pm

TOP SURGERY AND GYNECOMASTIA

Moderator – Losken

1:45-1:57 pm

Zienowicz – Surgical Options for Treating Gynecomastia

1:57-2:09 pm

Schechter – Trans Female Top Surgery

2:09-2:21 pm

Brown – Similarities Between Managing the Tuberous Breast Deformity and Trans Female Top Surgery

2:21-2:33 pm

Schechter – Trans Male Top Surgery

2:33-2:45 pm

Discussion

2:45-3:30 pm

LEARNING FROM THE TEACHINGS OF JOHN TEBBETS

Moderator – Teitelbaum and Namnoum

Panel – Maxwell, Mallucci, Hammond

3:30-4:00 pm

Coffee Break/Visit Exhibits

Windsor Ballroom Foyer

SATURDAY, JANUARY 28, 2023 - *continued*

4:00–5:30 pm

BREAST IMPLANT PANEL

Moderator – Elliott

4:00–4:12 pm

Glicksman – Transitioning from Textured to Smooth, and Shaped to Round

4:12–4:24 pm

Mallucci – Simplifying Complex Breast Revision

4:24–4:36 pm

Strock – A Simple Approach to Breast Implant Removal Patient

4:36–4:48 pm

Mallucci – Is the Double Bubble a Dual Plane Disease

4:48–5:00 pm

Teitelbaum – Factors that Determine the Outcome Following Implant Removal

5:00–5:12 pm

Hammond – Management of the IMF in Breast Augmentation

5:12–5:30 pm

Discussion

SUNDAY, JANUARY 29, 2023

7:30–8:30 am

Continental Breakfast/Visit Exhibits

Windsor Ballroom Foyer

8:00–9:20 am

ONCOPLASTIC BREAST SURGERY

Moderator – Losken

8:00–8:12 am

Chatterjee – The Future of Oncoplastic Surgery: Will it be a Single Surgeon Approach, Dual Surgeon Approach, or a Mix of Both?

8:12–8:24 am

Peled – Optimizing Aesthetic Breast Reconstruction in the Low BMI Patient

8:24–8:36 am

Losken – Optimizing Safety and Aesthetic Breast Reconstruction in the High BMI Patient ▲

8:36–8:48 am

Chatterjee – Volume Replacement Oncoplastic Surgery: Techniques that Allow Patients to Safely Choose Breast Conservation Over Mastectomy ▲

▲ Identified as applicable to patient safety

SUNDAY, JANUARY 29, 2023 - *continued*

8:48–9:00 am	Peled – How Radiation Therapy Impacts My Decision Making with Implant Reconstruction	▲
9:00–9:12 am	Spiegel – Incorporating Flap Neurotization into Your Practice	
9:12–9:20 am	Discussion	
9:20–9:45 am	Coffee Break/Visit Exhibits Ballroom Foyer	
9:45–11:00 am	REDUCTION MASTOPEXY Moderator – Elliott	
9:45–9:57 am	Van Natta – Mastopexy Options in the Massive Weight Loss Patient	
9:57–10:06 am	Namnoum – Mastopexy: Breast Transformation by a Comprehensive Approach	
10:06–10:12 am	Zienowicz – Evolution of the Circumvertical Mastopexy	
10:12–10:24 am	Pelle-Ceravolo – Common Mistakes in Periareolar Mastopexy: Suggestions and Corrections	
10:24–10:36 am	Calobrace – A Practical Approach to Breast Reduction	
10:36–10:48 am	Haws – Cosmetic Breast Reduction – How Not Taking Insurance Changed My Consults	
10:48–11:00 am	Discussion	
11:00–12:00 pm	HOT TOPICS IN BREAST SURGERY Moderator – Namnoum	
11:00–11:10 am	Mallucci – The Use of Sedation in Aesthetic Breast Surgery	
11:10–11:20 am	Alderman – Alternative Strategies for Pain Management in Breast Surgery	▲
11:20–11:30 am	Glicksman – High Resolution Ultrasound in the Aesthetic Breast Practice	
11:30–11:40 am	Haws – Improving Your Breast Consults with Platforms and Imaging	

11:40–11:50 am	Thompson – Strategies to Minimize Infection in Implant Reconstruction	▲
11:50–12:00 pm	Chatterjee – Closed Incision Negative Pressure Therapy in Breast Surgery	
12:00–12:15 pm	Discussion	
12:15 pm	Meeting Adjourns	

DISCLOSURES

*Planner/Reviewer

Amy Alderman, MD	Nothing to disclose
Robert J. Allen, MD	Nothing to disclose
Mitchell Brown, MD	Nothing to disclose
Louis P. Bucky, MD	Advisory board member with PatientFi - receives stock options
M. Bradley Calobrace, MD	Speaker for BD - no financial payment; Investigator for Establishment Labs - receives research stipend; Advisory board member & investigator with Sientra - receives no financial payment
Christopher Campbell, MD*	Consultant with Mentor - receives consulting fees; Investigator with AbbVie & LifeNet Health - receives research funds; Advisory board member with Integra Life Sciences - no financial payment
Abigail Chaffin, MD*	Consultant with Aroa Biosurgery - receives consulting fees
Abhishek Chatterjee, MD, MBA	Researcher with 3M & Biomup - receives consulting fees; Consultant with Royal - receives consulting fees; Polarity Skin - Stock holder
Carrie Chu, MD, MS	Nothing to disclose
Mark W. Clemens, MD, MBA	Nothing to disclose
Lynn A. Damitz, MD*	Nothing to disclose
L. Franklyn Elliott, MD*	Nothing to disclose
Robert Garza, MD*	Nothing to disclose
Caroline A. Glicksman, MD, MSJ	Researcher with ASERF - no financial payment; Advisory board member with Allergan - receives honoraria; Investigator with Establishment Labs - Researcher and Clinical trial medical director - receives research funding
Dennis C. Hammond, MD	Consultant with Mentor, MTF, Establishment Labs, WL Gore - receives consulting fees; Advisory board with Pathy & Establishment Labs - receives stock options; Investigator with Mentor & Establishment Labs - receives research funding; Surgiglide - Owner & Developer
Michael Hanemann, MD*	Nothing to disclose
Melinda J. Haws, MD	Nothing to disclose
Kent K. Higdon, MD*	Previous stock holder with Brijit - relationship has been dissolved. Patent holder with Baxter - receives royalties
John Y.S. Kim, MD	Patent holder & stock holder with Surgical Innovations & Edge Surgical
Brian M. Kinney, MD	Advisory board member & investigator with Apyx - receives expense reimbursement & research funding; Advisory board member, investigator & stock holder with Establishment labs; Investigator with BTL & Venus concepts - receives expense reimbursement; Stock options with Advanced Aesthetic Technologies

All relevant financial relationships have been mitigated.

*Planner/Reviewer

Danielle M. LeBlanc, MD	Nothing to disclose
John Lindsey, MD*	Nothing to disclose
Albert Losken, MD*	Consultant with RTI Surgical - receives consulting fees; Advisory board member with SIA - no financial payment
Patrick Mallucci, MD	Consultant with Polytech, Sebbin & BD - receives consulting fees
Bruce A. Mast, MD*	Consultant with BD - receives consulting fees; Stock holder with Axogen
G. Patrick Maxwell, MD	Nothing to disclose
Arash Momeni, MD	Consultant with Sientra, Axogen & RTI - receives consulting fees
Alexandre Munhoz, MD	Advisory board member & researcher with Establishment Labs - receives stock options
James D. Namnoum, MD*	Nothing to disclose
Anne Peled, MD	Consultant with Mammotome, Abbvie, Axogen, Sientra, Stryker - receives consulting fees
Mario Pelle Ceravolo, MD	Nothing to disclose
Susan Russell*	Nothing to disclose
Loren S. Schechter, MD	Receives royalties from Springer & Elsevier publishing companies
Michael R. Schwartz, MD	Stock Holder with Sientra, Motiva, Allergan, J&J
Erin Schwarz*	Nothing to disclose
Aldona J. Spiegel, MD	Consultant with MTF, Mentor, Axogen - receives consulting fees & receives royalties from MTF
Louis L. Strock, MD	Advisory board member & consultant with Mentor - receives consulting fees or honoraria; Researcher with Establishment labs - receives research funding
Steven Teitelbaum, MD	Stock options with Establishment Labs
Peter W. Thompson,	MD Nothing to disclose
Bruce W. Van Natta, MD	Advisory board member with Sientra - receives honoraria; Advisory board member with BD & Cicalux - receives honoraria and stock options; Researcher with Establishment Labs - receives research funding
Richard J. Zienowicz, MD	Consultant with Allergan, MTF, Galatea - receives consulting fees; Researcher with Motiva - receives research funds; Stock holder with Establishment Labs

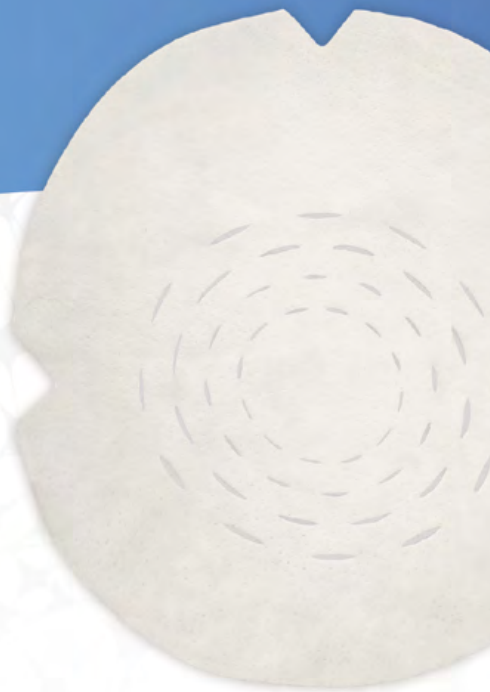

All relevant financial relationships have been mitigated.

To claim your CME for this meeting please complete the post-meeting survey which will be e-mailed to you following the event.

Questions? Contact the Society office at (453) 901-2544.

Discover the advantages of a **deeper-cut** ADM with FlexHD® Pliable.

FlexHD® Pliable goes deeper to produce a real difference in quality, performance, and effectiveness. Derived from the reticular layer of dermis, benefits include:

- Open collagen matrix suggests greater porosity
- Better pliability
- Better fibroblast attachment and cellular incorporation
- No distinguishable differences between graft sides

See the benefits of FlexHD® for yourself at mtfbiologics.org/flexhdpliable.
