Join the Awards Committee! Take part in the revamp of the SETAC Europe Awards programme to ensure that we highlight what we value in publishing and presenting of outstanding environmental science research, in promoting scientific credibility, inspiring education, and sound risk communication.

Who We Are?
We are a group of scientists with backgrounds ranging across the field of environmental science and we are looking for more members: Students, young and experienced professionals. We are SETAC Europe Council members and SETAC members at large interested in contributing to the quality of environmental science performed within the society and in general.

What Do We Do?
For the year 2020-2021 we will be focusing on:
- Evaluating the success of the new SETAC Europe Award Programme
- Soliciting nominations for SETAC Europe awards
- Assessing the dossiers and nominations that are sent in for the various awards and select the recipients of the awards

What Is In It For You?
- You will contribute to new Awards programme allowing you to impact the quality of environmental science research and the development of young scientists
- You will experience the pride and gratitude for the recognition that is expressed by all of the award winners
- You stay abreast of recent developments in the environmental science arena
- You are able to further develop your own critical evaluation skills

Our Current Awards
- Noack Laboratorien Outstanding Scientist Award
- Lifetime Achievement in Life-Cycle Assessment
- Life-Cycle Assessment Young Scientist Award
- Rifcon Early Career Scientist Award
- Science Based Risk Communication Award
- Young Scientist Awards for the ECETOC Best Platform and SETAC Europe Best Poster Presentations
- Return to Science Grant

Time Investment
The time investment in meetings is about one hour every month in (preparations for) phone meetings. In February, the evaluation of the award candidates takes a couple of days of your time.
