

SETAC EUROPE

Environmental Quality Through Science®

REGIONAL BRANCHES COMMITTEE

The Regional Branches Committee (RBC) is a platform for communication and sharing of experiences between the individual language branches where the younger branches learn from the older ones.

Who Are We?

We are a group of scientists from industry, government and academia who wish to push science forward in our region. We are five presidents, each of us representing a branch together with SETAC members representatives and a student member representative.

What Do We Discuss?

We exchange activities and best practices promoted by the different regional branches to enhance the local development of initiatives within the scope of SETAC.

Committee Members

Henner Hollert, *Chair, Goethe University Frankfurt, Germany*
Elisabetta Ugazzi, *Vice Chair, isagro spa, Italy*
Charmaine Ajao, *Immediate Past Chair, ECHA, Finland*
Kirit Wadhia, *National Oilwell Varco, UK*
Michelle Bloor, *Chair, SRUC, UK*
Nico van den Brink, *Wageningen University, the Netherlands*
Samuel Moeris, *Student Representative, Ghent University, Belgium*
Bart Bosveld, *SETAC Office, Belgium*

How Do We Communicate?

We use videoconferencing or face-to-face meetings.

Come and Join Us!

Are you a member of SETAC Europe who wants to help shape the Society? Do you have great ideas for the region where you reside? Do you want to learn setting up a branch? We have vacancies for full members. Find out more on the SETAC website and join us! To apply, please send a covering letter to explain your motivation to join the Regional Branch Committee and a CV to Serenella Sala, the Regional Branches Committee Chair: serenella.sala@ec.europa.eu.
