

# McGill

## *Assistant Professor (Clinical)*

---

Faculty of Medicine – Department of Medicine, Division of Dermatology

---

### **Position description**

The Department of Medicine of McGill University invites applications for a full-time position as a member of the Contract Academic Staff as a clinician-scientist at the rank of Assistant Professor. The successful candidate will also be appointed to clinical practice in the Department of Medicine, Division of Dermatology at the McGill University Health Centre (MUHC).

The Department of Medicine is a leader in academic medicine, our educational and research missions support excellent and innovative clinical programs across our teaching hospitals. The McGill University Health Centre is one of McGill's major teaching hospitals affiliated with the Faculty of Medicine at Canada's internationally renowned McGill University, located in the vibrant and multicultural city of Montreal, in the province of Quebec.

### **Job Duties**

As a clinician-scientist it is expected that the candidate will apply for external personal support from the appropriate funding agencies (i.e. CIHR, FRQ-S). Should the candidate be successful securing additional sources of funding, the candidate will be expected to devote a minimum of 50% time to research. Startup funding including a research stipend may be available to a suitable candidate allowing for protected research time.

The candidate is expected to contribute to the Division's on-call coverage, as well as to the general dermatology and subspecialty dermatology resident clinics. The candidate is also expected to participate in tele-dermatology service extended to Northern areas of the province.

The candidate is expected to be involved in all aspects of McGill's academic mission (research, teaching, supervision of graduate students and clinical trainees, and involvement in academic/administrative committee), and will be expected to demonstrate a commitment to equity, diversity, and inclusion in these activities.

### **Qualifications and Education requirements**

Candidates must hold an MD degree and must have completed subspecialty training in Dermatology, be Royal College certified (or equivalent) and be eligible for licensure in Quebec and certified by the Collège des médecins du Québec. Candidates must have completed a minimum of one year of advanced training through a research-oriented post-doctoral fellowship or alternatively a graduate degree. Candidates must have a track record of high quality scientific publications, and skills to develop an independent research program. The candidate must have a strong commitment to patient care, and have exemplary teaching skills.

---

All candidates must be fluent in English with a working knowledge of French.

---
