Find Out How You Can Prepare to Become One of the Next Generation of IT Leaders!

Romeoville, Illinois – Wednesday, May 30, 2012 — Tune in to **CIO Talk Radio**, this May 30th, at 9 AM Central (10 AM Eastern, 7 AM Pacific), to hear **Chubb Financial Group CIO and Society for Information Management (SIM) International Chairman – Mr. Jim Knight; Executive Coach and National Director of the SIM Leadership Development Institute – Ms. June Drewry; and the CTO of Nasa’s John H. Glenn Research Center – Dr. Sasi Kumar Pillay**, discuss **“How to Build the Next-Gen of IT Leaders”** (<http://www.ciotalkradio.com/event/395-how-to-build-the-next-gen-of-it-leaders.html>) with CIO Talk Radio show host, Sanjog Aul.

With technology changing rapidly and IT organizations evolving as they discover new ways to better align IT with business goals, how can an IT professionals find out and develop the kinds of skills that will be required to be successful as one of the next generation of IT leaders? Professional IT Leadership organizations like The Society for Information Management (SIM) are leading the way by identifying the new capabilities that will be required of future IT leaders, and then training, mentoring, and grooming IT professionals to develop these capabilities.

“CIO Talk Radio” (<http://www.CIOTalkradio.com>) has been hosted by Sanjog Aul since 2003, and allows business leaders and subject matter experts to share their knowledge and experience in technology management, globally, with others. The hour-long show is broadcast live over the Internet, Wednesdays at 10 AM Eastern/9:00 AM Central/7 AM Pacific Time, using streaming audio and is broadcast over the Internet by Voice America Business Radio (<http://www.voiceamerica.com/show/690/cio-talk-radio>) and on the show website. For further information contact CIO Talk Radio and Tina Gougis, at 630-914-7668.
