

RLF Celebrates 25th Anniversary

Core SIM Program Has Been Building Leaders' Capabilities Since 1993

During the April 12-13 SIM Connect Live in Dallas, RLF launched a 25th anniversary celebration recognizing the program's longevity and its successful offering to nearly 5,000 graduates over the past 25 years.

Founded in 1993 with a pilot program in Chicago, RLF has grown to a prominent national program located in 8-10 major cities across the U.S. In 2018, RLF is being offered in Baltimore, Chicago, Hartford CT, Los Angeles, New York City, Philadelphia, Portland OR, Seattle and St. Petersburg FL.

Darwin John, one of RLF's longtime leaders, recalls the impact of the program from its early years to today. "As we were introduced to the concept of RLF, it just resonated with us that it was right and true," says John. "It is not a class, it is not a series of seminars. It is something much larger than that."

"RLF's unique design is creating a setting that can be tailored and unique for every individual that is there," John continues. "What I believe RLF does is help us understand who we are, help us make choices, or create the environment within which we can make choices about the principles we are going to live and lead by."

RLF will celebrate its 25th anniversary throughout the remainder of 2018, with special events and activities highlighting the program's impact upon past, present and future leaders.
