

AMA Partners with Project N95 to Make PPE Available to AMA Members

The American Medical Association (AMA) partnered with [Project N95](#) (a not-for-profit, *National COVID-19 Clearinghouse*) to make personal protective equipment (PPE) available exclusively to its members. Starting July 22, AMA members receive a series of three emails (over a nine day period) which describes the program. Members sign in using their AMA Sign In username and password and complete the [Registration Form](#) to express an interest in ordering PPE shown below.

- Makrite 9500 N95 surgical respirator; size S
- Makrite 9500 N95 surgical respirator; size M/L
- Disposable Isolation gown

All AMA member orders will be aggregated and shipped no later than August 26, via UPS ground. Gowns may start shipping as early as August 17. Members receive email and text order status and shipping confirmation notices.

Project N95 has written policies on order cancellations, refunds, and handling of damaged goods.

This pilot program has specific deadlines for registration, orders, and shipping, which are summarized below.

- Registration: Last date to submit registration form (July 30, 3:00 PM, CST)
- Orders: Last date to submit an order (August 1, 3:00 PM, CST)
- Cancel Order: Last date to cancel order (August 2 – open timeframe)
- Shipping: Orders shipped by date (August 26 – open timeframe)

For this program, AMA and Project N95 established the purchasing business guidelines shown below in order to support as many members as are interested in participating.

Minimum Purchase

- 1 box of Surgical N95 Respirator (20 masks) or 1 bag of Isolation Gowns (15 gowns)

Maximum Purchase

- Surgical N95 Respirator, Size S & Standard (M/L): 50 boxes (20 masks/box) – 1000 masks
- Isolation Gowns: 66 bags (15 gowns/bags) – 990 gowns
