CALL FOR RAPID RESPONSE ABSTRACTS

Submission System Opens: December 3, 2018
Submission Deadline: January 2, 2019

Rapid Response Abstract Submission

The Rapid Response Abstract system will open Monday, December 3, 2018. The deadline for submitting a rapid response abstract is 11:59 p.m. PST on Wednesday, January 2, 2019.

Call for Rapid Response Abstracts

SRNT encourages submission of abstracts describing cutting-edge research in nicotine and tobacco. Abstracts should summarize empirical research findings that have not been published or presented elsewhere before the meeting, and should describe data or analyses that were not available at the regular submission deadline in September 2018. All abstracts will be evaluated on the basis of scientific merit by peer review. Authors will be notified as to acceptance or rejection in **late January.**

Authors will use their SRNT username and password, which will allow them to review, edit, and update their rapid response abstract submission(s). Please note that abstracts describing "work in progress" will not be considered for program inclusion, nor will abstracts that do not present *empirical* findings. Funding information is required for all submissions.

Deadline for Receipt of Abstracts

Submissions must be received electronically and no later than 11:59 p.m. PST on January 2, 2019, to be considered for inclusion in the program. Please review the submission instructions carefully.

All presenters will be expected to register (and pay) for the meeting.

Abstract Registration

The Rapids Abstract submission link will be provided by SRNT on December 3, 2018. When submitters click on the link, they will need to log in to the Oasis Portal with their SRNT username and password. If you need assistance with your SRNT account information, please email info@srnt.org. Once you are logged in to the Oasis Portal, please follow the instructions on the homepage to create your Rapids submission.

Collection Technical Support

For help with technical issues regarding the use of this system, call 217-398-1792 or email oasis@support.ctimeetingtech.com. For any other questions or comments, please contact the Society directly at abstracts@srnt.org.

Submission Form

Once you have created a submission, please carefully read through any instructions on each page and complete the appropriate information on each submission page. Required fields are marked with a red asterisk (*).

Call for Rapids Poster Presentation Format at the 2019 Annual Meeting

Due to limited space, ALL rapids submissions will be considered ONLY for poster presentations. Poster sessions allow presenters to discuss their research with interested colleagues over a period of 90 minutes in an informal setting. No other sessions will coincide with the poster sessions to maximize exchange of results and promote communication among researchers with common interests.

Topics

Each corresponding author will be asked to select one of the following topics in which his or her abstract submission will be reviewed: Pre-Clinical, Clinical, Public Health, or Policy.

Disclosure

Poster presenters are required to disclose any potential conflicts of interest directly on their poster or in an accompanying handout at the meeting. If there is no conflict of interest, please note that as well.

Please Note: Poster presenters are no longer required to submit a disclosure and bio-sketch in advance. All disclosures must be directly present on the poster/accompanying handout.

Questions?

For help with technical issues regarding the use of this system, call 217-398-1792 or email oasis@support.ctimeetingtech.com. For any other questions or comments, please contact the Society directly at abstracts@srnt.org.

Keywords

Each corresponding author will be asked to select two of the following keywords that best describe the abstract submission.

Addiction
Adolescent/Youth
Advocacy
Affective Disorders
Alcohol Use
Alternative Nicotine Delivery Systems
    (ANDS)
Animal Models
Anthropology
Behavioral Economics
Behavioral Pharmacology
Behavioral Treatment
Biochemistry
Cessation
Cigars, Large
Cigars, Little
Cigarillos

Technology
Therapeutic Use
Tobacco Additives
Tobacco Constituents
Tobacco Control
Tobacco Industry
Tobacco Regulatory Science
Toxicology
Trajectories
Treatment and Intervention
Varenicline
Waterpipe
Weight
Withdrawal Symptoms

Abstract Submission Instructions

SRNT uses an electronic process for the submission of abstracts. Submitting authors need Internet access and an email address. When preparing an abstract for submission, please carefully follow the instructions below:

- All abstracts must be prepared in plain text, in English with no embedded symbols or formatting characters. Submissions may not include charts, graphs, tables, or references. Please spell out the symbols (alpha, beta, microns, picomolar, etc.) or translate them (mean, chi square, etc.) in your abstract submission.
- Limit the abstract to 2,200 characters in length (including spaces but NOT including title, authors, or funding information). Include author names and the presenting/lead author's name and address.
- IMPORTANT: Data presented in the abstract as "work in progress" will not be considered for program inclusion.
- **If accepted, your author-prepared abstract will be published <u>exactly</u> as it appears on your electronic submission. (No edit/changes after deadline will be offered/accepted.)**
- You will be provided a username and password in your confirmation email. The username and password, along with the link, will enable you to make changes to your abstract until 11:59 p.m. PST on January 2, 2019. (No changes will be allowed after this deadline.)
- Ensure that each abstract reveals all sources of funding for the work described. Abstracts cannot be submitted without funding information.

- A key word index is included above in the 2019 Annual Meeting Proceedings. Please select two key words to describe your abstract presentation.
- Please provide a complete mailing address, including email address, with your submission. **The SRNT Office will communicate ONLY with the presenting/lead author through the email address given at the time of submission.** It is the responsibility of the presenting/lead author to communicate with the rest of the authors. Should this email address change at any time, please notify the SRNT Office immediately so you receive timely correspondence regarding your abstract submission.
- **Proofread your submission. If included in the program, your author-prepared abstract will be published exactly as it appears on your electronic submission. SRNT is not responsible for author errors.**
- Consider submitting your abstract earlier than the deadline. SRNT welcomes early submissions!
- Each **presenting/lead author** will receive an email confirmation from the submission system within 24-48 hours of abstract submission. Please keep a copy of this confirmation email for any editing of your abstract until the January 2, 2019, deadline. If you do not receive an email response within 48 hours, SRNT did not receive your abstract. In this case, it is your responsibility to contact the SRNT Office via email at: <u>abstracts@srnt.org.</u>
