If you need assistance logging in, or at any other time during the meeting, click the “Need Help?” button at the bottom right of your screen and type your question in. We have agents standing by to assist you.
In the Lobby you will find a countdown until the first daily session starts, as well as a welcome video, which will have audio playing. This is a great time to check your speakers!

Feel free to chat with fellow Presenters and Attendees while we wait for the session to start. Also check out the E-Poster/On-Demand Portal, Plenary Speaker Information, Lounge, Exhibit Hall, Sponsors, Agenda Page, and Resources as time permits, and during the Virtual Break times.

When you are ready to move off the Lobby page area, simply click on the above tool bar to navigate through the virtual platform. Additional tutorials will be provided during the week of the virtual meeting.
On the top of the Breakouts Page, you will see six buttons. Each is marked according to Stage for access to the corresponding Stage's Green Room. Please navigate to the Breakouts Page via the tabs seen on any page and click the button associated with your Stage 20-30 minutes prior to your session start time to enter the Green Room.

Join Green Room

Clicking this button will launch a Zoom meeting dialogue window for the Green Room Area. You will need to click “Allow” to now enter the Zoom meeting. A technician will meet you there to check your audio, video, lighting, and internet connection. They will discuss with you the next steps to presenting and answer any questions you may have.

Once you are in the Zoom call you will have the ability to chat with the entire group that is in the Green Room, or any other participant privately through Zoom chat, before, during, and after the presentation.
Don’t have a Zoom account or Zoom Client installed on your desktop? Not to worry! When the Zoom window opens, select “Join from Your Browser,” as seen below.

You will then be prompted to: (1) Enter Your Name, (2) Verify “I’m not a robot” and (3) Click “Join.” You will then enter the Zoom meeting directly in your browser and join the technical staff and your fellow presenters.
On many of the pages you will see an Attendees Directory. With this you can search through your fellow attendees, as well as speakers and organizers. Click CHAT next to anyone’s name to start a private discussion with that individual.
Check out the Agenda Page for a full list of upcoming sessions. Click the Add to Calendar icon to add a placeholder to your personal Google Calendar or iCal so you do not miss anything of interest to you!

When a session is in progress a button will appear, and you can “Click to Join” to enter that specific Stage.
