CALL FOR RAPID RESPONSE ABSTRACTS
SRNT 2023 • SAN ANTONIO RIVERWALK MARCH 1-4, 2023

SUBMISSION SYSTEM OPENS: NOVEMBER 14, 2022
SUBMISSION DEADLINE: DECEMBER 19, 2022

ABOUT THE CALL FOR ABSTRACTS
The SRNT 2023 Annual Meeting in San Antonio will be an in-person meeting, with accommodations for those presenters unable to travel. Submissions may be for individual paper presentations and posters describing cutting-edge research in nicotine and tobacco:

• Abstracts should summarize empirical research findings that have not been published or presented elsewhere before the meeting.
• All abstracts will be peer reviewed.
• It is the expectation that trainees who are lead authors will present accepted papers/posters, rather than principal investigators or supervisors. We understand that there are occasions where this is not possible.
• Preference for symposia will be given to those submissions that address a substantive issue by integrating across two or more different areas of SRNT research (i.e., pre-clinical, clinical, and public health/policy/epidemiology) as well as to submissions that address health disparities or health equity.

The SRNT Program Committee will make decisions regarding acceptance of submissions and notify presenting/lead authors in January 2023.

Authors will have the opportunity to edit their submitted abstract until the December 19, 2022, deadline. Please note that abstracts described as “In Progress” will not be considered nor will abstracts without empirical findings. Funding information is required for all submissions.

DEADLINE FOR RECEIPT OF ABSTRACTS
Submissions must be received electronically and no later than 11:59 p.m. PDT on Monday, December 19, 2022, to be considered for inclusion in the program. Please review the submission instructions carefully.

PLEASE NOTE: All lead authors and presenters will be expected to register for the conference, whether or not they are able to attend in person.

Notification of acceptance or rejection of abstracts will be emailed to the designated presenting/lead authors in early November 2022.
SUBMISSIONS

Abstract submission links will be provided by SRNT on November 14, 2022. Submitters will be able to create a new submission or edit an existing submission. Further detailed instructions will be provided on the SRNT 2023 Annual Meeting web page when the abstract system opens.

CREATING A NEW SUBMISSION

Once you have created an account and logged in to the cOASIS system, you will find links to submit abstracts. If you have all your information prepared before beginning the process, it should take only about 15-20 minutes to complete the submission.

PLEASE NOTE: IF YOU SUBMITTED AN ABSTRACT OR SYMPOSIUM IN THE PAST, YOU ALREADY HAVE AN ACCOUNT IN THE ABSTRACT SYSTEM. DO NOT CREATE A NEW ACCOUNT. IF YOU CAN NOT REMEMBER YOUR LOGIN OR PASSWORD, USE THE “FORGOT PASSWORD” LINK ON THE LOGIN SCREEN, OR EMAIL US AT: ABSTRACTS@SRNT.ORG. CREATING A NEW ACCOUNT MAY AFFECT THE SELECTION AND NOTIFICATION PROCESS FOR YOUR SUBMISSION.

Each abstract submission is divided into 3 steps to make the process as smooth as possible:

- Step 1. As you create a new submission, provide an abstract title and to affirm any necessary statements that are basic requirements for abstract consideration.
- Step 2. The system will create a record of your information regarding this submission and will assign a tracking number (called a Control Number) for this submission. The Control Number will appear on most of the pages within the site, and you should use it in any correspondence regarding the submission. Any resulting information sent to you will refer to this Control Number. This Control Number also will be included on the submission home page, which displays all your current submission records, as well as an identifier that shows whether or not you have completed the submission.
- Step 3. Upon completion, a summary confirmation page will be displayed which you can print and keep for your records. This confirmation page also will contain your Control Number.

PRESENTATION FORMATS

The following are presentation formats for 2023 Annual Meeting Rapid Response submissions:

PAPER or POSTER

SRNT is pleased to announce that we have expanded the number of paper sessions for 2023. This includes paper sessions specifically selected from Rapid Response submissions. Abstracts that receive high peer-reviewed ratings and cluster around common themes will be selected for oral presentations of approximately 15 minutes each. Please note that program time constraints limit the opportunity for lengthy oral presentations.

PLEASE NOTE: ONLY those individuals who indicate they are planning to attend the 2023 Annual Meeting in person will be considered for the limited number of paper presentation sessions. Individuals will be allowed to present a maximum of two (2) oral papers at the meeting. This includes paper and symposia sessions. If an individual is listed as a presenter on more than two (2) presentations, they will be offered the option of assigning a different co-author as a presenter.

POSTER ONLY

Poster sessions allow presenters to discuss their research with interested colleagues over a period of 90-120 minutes in an informal setting. No other sessions will coincide with the poster sessions to maximize exchange of results and promote communication among researchers with common interests. Poster submissions judged to be especially rigorous and significant may be selected for presentation as a paper (if the author agrees).
2023 ABSTRACT TOPICS

Presenting/lead authors will be asked to select one of the following topics in which their abstract submission will be reviewed: Pre-Clinical, Clinical, Public Health, Health Equity or Policy.

PLEASE NOTE: Presenting/lead authors will be required to address the following in their submission: "Please describe in one sentence any potential translational applications of this study or topic to informing clinical research, clinical practice, public health, or policy, whether or not issues related to health equity are addressed."

SRNT uses an electronic process for the submission of abstracts. The correspondent/submitter needs internet access and an email address. **Electronic submissions must be received by 11:59 p.m. PDT on Monday, December 19 2022, to be considered for inclusion in the program.**

**PLEASE NOTE:** Employees of commercial tobacco manufacturers or their wholly or partially owned subsidiaries are may not submit research for presentation at the SRNT Annual Meeting.

When preparing an abstract for submission, please carefully follow the instructions below:

- All abstracts must be prepared in plain text, in English, with no embedded symbols or formatting characters. **Submissions may not include charts, graphs, tables, or references.** Please spell out the symbols (alpha, beta, microns, picomolar, etc.) or translate them (mean, chi square, etc.) in your abstract submission.
- Limit the abstract to 2,500 characters in length (including spaces but NOT including title, authors, or funding information).
- **IMPORTANT:** Data presented in the abstract as “work in progress” will not be considered for program inclusion.
- **If accepted, your author-prepared abstract will be published exactly as it appears on your electronic submission.** With your COASIS username and password, you will be able to make changes to your abstract until 11:59 p.m. PDT on Monday, December 19, 2022. (No changes will be allowed after the Monday, December 19 deadline.)
- Ensure that each abstract reveals all sources of funding for the work described. Abstracts cannot be submitted without funding information.
- Please note that paper and symposia submissions will require three learning objectives for CE credit.
- A keyword index will be included above (see above) in the 2023 Annual Meeting Proceedings. Please select at least two keywords to describe your abstract presentation.
- Please provide a complete mailing address, including email address, of the presenting/lead author with your submission. **The SRNT Office will communicate ONLY with the presenting/lead author through the email address given at the time of submission.** It is the responsibility of the presenting/lead author to communicate with the rest of the authors. Should this email address change at any time, please notify the SRNT Office immediately so that you receive timely correspondence regarding your abstract submission.
- Proofread your submission. **If included in the program, your author-prepared abstract will be published exactly as it appears on your electronic submission. SRNT is not responsible for author errors.**
- Consider submitting your abstract earlier than the deadline. SRNT welcomes early submissions!

Each presenting/lead author will receive an email confirmation from the submission system within 24-48 hours of abstract submission. Please keep a copy of this confirmation email for any late editing of your abstract. If you do not receive an email response within 48 hours, SRNT did not receive your abstract. In this case, it is your responsibility to contact the SRNT Office via email at: abstracts@srnt.org.

**DISCLOSURE AND CURRICULUM VITAE INFORMATION**

All submitters and presenting authors are required to complete a financial disclosure form and submit a curriculum vitae. This information can be entered at the time of the creation of the submission, or prior to the meeting. Presenting authors are also required to include a financial disclosure in their presentation. SRNT must have this information on file for ALL presenting authors and submitters. Oral presenters who do not submit these forms will not be allowed to present at the 2023 Annual Meeting. An oral presenter is anyone giving any type of oral presentation (e.g., paper, symposium).

**TECHNICAL SUPPORT**

For help with technical issues regarding the use of the abstract submission system, call 217-398-1792 between the hours of 9:00 AM and 5:00PM CT, or email srnt@supportctimeetingtech.com any time. For any other questions or comments, please contact SRNT directly at abstracts@srnt.org.

Thank you for your submission! We look forward to seeing you in San Antonio next year!!
