CALL FOR ABSTRACTS
The SRNT 2024 Annual Meeting will be held at the Edinburgh International Conference Center in Edinburgh, Scotland. This will be an in-person meeting, with limited accommodations for those presenters unable to travel. Submissions may be for symposia, individual paper presentations and posters describing cutting-edge research in nicotine and tobacco:

- Abstracts should summarize empirical research findings that have not been published or presented elsewhere before the meeting.
- All abstracts will be peer reviewed.
- It is the expectation that trainees who are lead authors will present accepted papers/posters, rather than principal investigators or supervisors. We understand that there are occasions where this is not possible.
- Preference for symposia will be given to those submissions that address a substantive issue by integrating across two or more different areas of SRNT research (i.e., pre-clinical, clinical, and public health/policy/epidemiology)
- Symposia submissions that include a health equity component are of importance to the SRNT Board and the Program Committee and therefore will be reviewed more favorably than those that do not have a health equity component.

The SRNT Program Committee will make decisions regarding acceptance of submissions and notify presenting/lead authors in November, 2023.

Authors will have the opportunity to edit their submitted abstract until the August 14, 2023 deadline. Please note that abstracts described as "In Progress" will not be considered nor will abstracts without empirical findings. Funding information is required for all submissions.

DEADLINE FOR RECEIPT OF ABSTRACTS
Submissions must be received electronically and no later than 11:59 p.m. PDT on Monday, August 14, 2023, to be considered for inclusion in the program. Please review the submission instructions carefully.

PLEASE NOTE: If your abstract is accepted for presentation, you will be expected to register for the conference, whether or not you are able to travel to Edinburgh. Someone else may present for you if international travel is not possible, but if it’s your abstract, you need to register.

Notification of acceptance or rejection of abstracts will be emailed to the designated presenting/lead authors in early November 2023.

SUBMISSIONS
Abstract submission links will be provided by SRNT on July 5, 2023. Submitters will be able to create a new submission or edit an existing submission up to the closing date of August 14, 2023. Further detailed instructions will be provided on the SRNT 2024 Annual Meeting web page when the abstract system opens.

CREATING A NEW SUBMISSION
Once you have created an account and logged in to the cOASIS system, you will find links to submit abstracts and symposia. If you have all your information prepared before beginning the process, it should take only about 15-20 minutes to complete the submission.

PLEASE NOTE: IF YOU SUBMITTED AN ABSTRACT OR SYMPOSIUM IN THE PAST, YOU ALREADY HAVE AN ACCOUNT IN THE ABSTRACT SYSTEM. DO NOT CREATE A NEW ACCOUNT. IF YOU CAN NOT REMEMBER YOUR LOGIN OR PASSWORD, USE THE "FORGOT PASSWORD" LINK ON THE LOGIN SCREEN, OR EMAIL US AT ABSTRACTS@SRNT.ORG. CREATING A NEW ACCOUNT MAY AFFECT THE SELECTION AND NOTIFICATION PROCESS FOR YOUR SUBMISSION.

Each abstract submission is divided into 3 steps to make the process as smooth as possible:

Step 1. As you create a new submission, provide an abstract title and to affirm any necessary statements that are basic requirements for abstract consideration.

Step 2. The system will create a record of your information regarding this submission and will assign a tracking number (called a Control Number) for this submission. The Control Number will appear on most of the pages within the site, and you should use it in any correspondence regarding the submission. Any resulting information sent to you will refer to this Control Number. This Control Number also will be included on the submission home page, which displays all
your current submission records, as well as an identifier that shows whether or not you have completed the submission. Step 3. Upon completion, a summary confirmation page will be displayed which you can print and keep for your records. This confirmation page also will contain your Control Number.

**PRESENTATION FORMATS**

The following are presentation formats for the 2024 Annual Meeting:

**PAPER ONLY**
Abstracts that receive high peer-reviewed ratings and cluster around common themes will be selected for oral presentations of approximately 15 minutes each. Please note that program time constraints limit the opportunity for lengthy oral presentations. Unlike the “Paper or Poster” option, abstracts submitted as “Paper Only” will NOT be considered for a poster presentation.

**PLEASE NOTE:** Individuals will be allowed to present a maximum of two (2) oral papers at the meeting. This includes paper and symposia sessions. If an individual is listed as a presenter on more than two (2) presentations, they will be offered the option of assigning a different co-author as a presenter.

**POSTER ONLY**
Poster sessions allow presenters to discuss their research with interested colleagues over a period of 90-120 minutes in an informal setting. No other sessions will coincide with the poster sessions to maximize exchange of results and promote communication among researchers with common interests. Poster submissions judged to be especially rigorous and significant may be selected for presentation as a paper (if the author agrees).

**PAPER OR POSTER**
Any abstract submitted under the “Paper or Poster” option that is not selected for an oral presentation automatically will be considered for a poster presentation.

**SYMPOSIA**
Selected symposia examine important issues from a variety of perspectives and have compelling supporting data. Over a 90-minute period, three to six speakers (abstracts) and a discussant present and/or debate alternative solutions, interpretations, or points of view on a body of knowledge. Please note that symposia submissions are reviewed competitively and not all submissions will be included in the final program. Preference will be given to symposia that are especially timely, or that span a range of disciplines. Those addressing health equity will receive special consideration.

In the event the overall symposium is not selected for presentation, individual presenters will have the option of having their abstract considered as an oral paper or poster presentation.

**TOPICS**
Presenting/lead authors will be asked to select one of the following topics in which their abstract submission will be reviewed: Pre-Clinical, Clinical, Public Health, Health Equity or Policy.

**PLEASE NOTE:** Presenting/lead authors will be required to address the following questions in their submission:

“Please describe in one sentence any potential translational applications of this study or topic to informing clinical research, clinical practice, public health, or policy, whether or not issues related to health equity are addressed.”

“Does this submission include a health equity component in the research?”

**KEYWORDS**
Each presenting/lead author will be asked to select at least two, and up to three, of the following keywords that best describe the abstract submission:

<table>
<thead>
<tr>
<th>Transdisciplinary</th>
<th>Opioids</th>
<th>Exposure: Secondhand</th>
<th>Epigenetics</th>
</tr>
</thead>
<tbody>
<tr>
<td>Nicotinic receptors</td>
<td>Stimulants</td>
<td>Exposure: Thirdhand</td>
<td>Epigenomics</td>

ABSTRACT SUBMISSION INSTRUCTIONS
SRNT uses an electronic process for the submission of abstracts. The correspondent/submitter needs internet access and an email address. Electronic submissions must be received by 11:59 p.m. PDT on Monday, August 14, 2023, to be considered for inclusion in the program.

PLEASE NOTE: Employees of commercial tobacco manufacturers or their wholly or partially owned subsidiaries are not be considered for program inclusion at the SRNT Annual Meeting.

When preparing an abstract for submission, please carefully follow the instructions below:

- All abstracts must be prepared in plain text, in English, with no embedded symbols or formatting characters. Submissions may not include charts, graphs, tables, or references. Please spell out the symbols (alpha, beta, microns, picomolar, etc.) or translate them (mean, chi square, etc.) in your abstract submission.
- Limit the abstract to 2,500 characters in length (including spaces but NOT including title, authors, or funding information).
- IMPORTANT: Data presented in the abstract as “work in progress” will not be considered for program inclusion.
- If accepted, your author-prepared abstract will be published exactly as it appears on your electronic submission. With your cOASIS username and password, you will be able to make changes to your abstract until 11:59 p.m. PDT on Monday, August 14, 2023. (No changes will be allowed after the Monday, August 14 deadline.)
- Ensure that each abstract reveals all sources of funding for the work described. Abstracts submitted without funding information will be rejected.
- Please note that paper and symposia submissions will require three learning objectives for CE credit.
- A keyword index will be included above (see above) in the 2023 Annual Meeting Proceedings. Please select at least two keywords to describe your abstract presentation.
- Please provide a complete mailing address, including email address, of the presenting/lead author with your submission. The SRNT Office will communicate ONLY with the presenting/lead author through the email address given at the time of submission. It is the responsibility of the presenting/lead author to communicate with the rest of the authors. Should this email address change at any time, please notify the SRNT Office immediately so that you receive timely correspondence regarding your abstract submission.
- Proofread your submission. If included in the program, your author-prepared abstract will be published exactly as it appears on your electronic submission. SRNT is not responsible for author errors and will not proof individual submissions for spelling or content.
- Consider submitting your abstract earlier than the deadline. SRNT welcomes early submissions!
- Each presenting/lead author will receive an email confirmation from the submission system within 24-48 hours of abstract submission. Please keep a copy of this confirmation email for any late editing of your abstract. If you do not receive an email response within 48 hours, SRNT did not receive your abstract. In this case, it is your responsibility to contact the SRNT Office via email at: abstracts@srnt.org.

SYMPOSIUM SUBMISSIONS
For abstracts to be considered for a symposium format, please follow these additional instructions:

- Prepare a summary abstract of the symposium as a whole (2,500 character limit, including spaces but NOT including title, authors, or funding information). List the names and affiliations for the symposium chair, each presenter, and the discussant, as well as the name and address of the presenting/lead author. Provide a concise
description of your proposed presentation in narrative form.

• Prepare separate abstracts for each paper in the symposium. Adhere to the general abstract guidelines for all individual symposium paper abstracts (e.g., 2,500 character limit including spaces but NOT including title, authors, or funding information; English text, etc.).

• Symposia submissions will have the option to indicate a separate peer-review of each abstract (for presentation as paper or poster) if the overall symposium submission is rejected.

• Each symposium presenter within your group will be required to submit a financial disclosure and biographical sketch or they will not be allowed to present at the meeting.

• The symposium submitter will be responsible for corresponding with the presenters in their group. The SRNT Office will send all correspondence to the symposium submitter only.

IMPORTANT:
As the person submitting the symposium, it is entirely your responsibility to communicate any acceptance or rejection, or other SRNT notices to all the symposium authors in your group. All PRESENTING authors within your group are required to submit a financial disclosure and biographical sketch or they will not be allowed to present at the meeting. This required information will be collected by SRNT’s CE provider between December 2023-January 2024 for CE credit.

DISCLOSURE AND CURRICULUM VITAE INFORMATION
All lead authors and presenting authors are required to complete a financial disclosure form and submit a curriculum vitae. This information can be entered at the time of the creation of the submission, or prior to the meeting. Presenting authors are also required to include a financial disclosure in their presentation.

SRNT must have this information on file for ALL presenting authors and submitters. Oral presenters who do not submit these forms will not be allowed to present at the 2024 Annual Meeting. An oral presenter is anyone giving any type of oral presentation (e.g., paper, symposium).

RAPID RESPONSE ABSTRACT SUBMISSION
MARK YOUR CALENDARS! The Rapid Response Abstract System will open in November 2023. The deadline for submitting a rapid response abstract will be in December 2023. The specific opening and closing dates for Rapid Response abstracts will be announced in late October or early November. Instructions and forms for on-line abstract submissions of Rapid Response posters will be post on the SRNT website in November 2023.

In addition to meeting the requirements for all SRNT abstracts detailed above, rapid response submissions should describe cutting-edge, late-breaking research findings in nicotine and tobacco. Rapid response abstracts should describe data or analyses that were not available at the regular submission deadline in August 2023.

TECHNICAL SUPPORT
For help with technical issues regarding the use of the abstract submission system, call 217-398-1792 between the hours of 10:00 AM and 6:00PM Eastern Time (US), or email srnt@support.ctimeetingtech.com any time. For any other questions or comments, please contact SRNT directly at abstracts@srnt.org.

***

Thank you for your submission! We look forward to seeing you in Edinburg in 2024!
