

How to Request an RFID for your Vehicle

We've simplified the process for you to request a RFID:

- Take a picture of your vehicle registration and email it to: **requestRFID@ stjamespoa.net**
- If this vehicle is new and you don't have a permanent registration, email a temporary registration, title application or bill of sale.
- Include your name and address in the email.
- Within 24-48 hours, the POA will email you instructions on the next steps and coordinate a date and time for you to come to the Town Hall parking lot to have the RFID installed.

Important: you will continue to use your QuickPass account to enter your visitors, deliveries, and contractors.
