Discussion Background:

The June First Mondays webinar will focus on the future. New ASP President Denise McNerney will provide an overview of the future direction of the association, including highlights from the updated ASP strategic plan. She’ll also brief us on early analysis from the research project on successful practices in nonprofit strategic planning that ASP conducted in conjunction with the University of Arkansas and Regis University in Denver, CO.

We’ll reserve the greatest portion of our time together to talk about the future of First Mondays and the Nonprofit Center for Excellence. What topics would you like to see covered when First Mondays reconvenes in the fall? Who would you be interested in hearing from? What else do you think the Nonprofit Center for Excellence could do to support nonprofit strategists, strategy managers, and the organizations they support, to be more successful?
