

Texas ACR License Prep Course

Preparing for and passing the Texas ACR Contractors Exam is a daunting task. Don't be fooled by instructors and companies claiming high pass rates. Less than 35% of ALL test takers pass the exam. Why not choose a Texas based HVAC/R trade organization with more than 40 years experience in the HVAC/R industry here in Texas. You deserve quality instruction in a timely manner, we give you all that and MORE!

Our Students Say it ALL!

- *Just wanted to drop you a line for you and for any future students of yours. You said study the workbook and you will be alright, well I did and managed to pass both the Commercial B and the Environmental B exams on the first try. Did just as you said, studied every question in the workbook and looked them up even if I thought I knew them....what I wanted to tell you is that I listened to you and am sending you this email to tell you YOU ARE 100% CORRECT in the way one needs to study to pass the test. So keep on doing what your doing. Thanks for your help. Kevin*
- *I just passed the "A" test with a 91 after 2 years of trying to take it on my own. I could have never done it without y'all. A BIG heartfelt thanks to TACCA. Job well done gentleman! - Ronnie*

The Texas Air Conditioning Contractors Association (TACCA) wants to help you **PASS** the Texas HVAC/R License Exam. Our goal is to improve the professionalism of the HVAC/R industry in Texas. We are here to help **YOU** get the information you **NEED** to pass **YOUR EXAM** the first time and begin your journey as a **Texas Contractor**.

How can and will we do this in 2 days when others take 3 or 4 days?

The TACCA class concentrates **YOUR TIME** on what you need to pass the exam. Utilizing your time to your benefit is how we get you the information **YOU NEED**. No "war stories" and side-bars, just quality instruction on how to pass the exam by using our time-tested methods and resources.

Day One: (8 am to 5 pm)

- Uniform Mechanical Code, International Mechanical Code; International Fuel Gas Code;
- Law and Rules Binder

Day Two: (8 am to 5 pm)

- Modern Refrigeration
- Load Calculations—Manual J
- Duct Design—Manual D
- Refrigeration Portion of Exam
- Ductulator

Each day students will learn tips and techniques to pass the Texas ACR Contractors Exam, including key aspects of each reference book and material. **Our Study Guide is key to your success, and is a proven asset to getting your license!**

Important Items for your consideration:

- YES, you need all *books/references* for the exam and class.
- Our Study Guide is VITAL to your SUCCESS!
- We help more than 2000 Texas students each year with quality training from License Prep to TDLR Approved Continuing Education.
- TACCA has been assisting contractors in Texas for more than 40 years. We are Texas-based, helping Texas contractors.

Class size is limited to 20 Students for your learning benefit, so register early to ensure your seat!
