Preparing for and passing the Texas ACR Contractors Exam is a daunting task. Don’t be fooled by instructors and companies claiming high pass rates. In 2017, only 36.8% (TDLR statistics) of test takers passed the exam. Choose a Texas based HVAC/R trade organization with more than 40 years experience in the HVAC/R industry in Texas for YOUR career.

The Texas Air Conditioning Contractors Association (TACCA) wants to help you PASS the Texas HVAC/R License Exam.

**How can and will we do this in 2 days when others take 3 or 4 days?**
The TACCA class concentrates YOUR TIME on what you need to pass the exam. No “war stories” and side-bars, just quality instruction on how to pass the exam using our time-tested methods and resources.

Our Students Say it ALL!
“Passed the refrigeration exam today with a score of 85 and finished 40 minutes early!! Did better on Refrigeration than environmental. Thank for all your support. I will never forget the contribution you made to my career.” - Jonathan

“First, I would like to thank you for your professionalism and dedication to your profession. The time I spent in class with you is the only reason I passed the exam on my first attempt and in the manner I did. Looking back I can say my recommendation to anyone planning to take this exam is that they need to take your course if they are in any way serious about sitting for their license. What a difference it made for me.” - Mike

Time: 8 a.m. to 5 p.m.
Lunch provided

Cost:
$475 TACCA Member
$575 Industry Partner

Purchase the Course and Books together to SAVE $50.00

$100 retake fee if you need to take a refresher

Register online at www.tacca.org
