

TAGITM Announces Technology Excellence Award Winners

The Texas Association of Governmental Information Technology Managers (TAGITM) announces the recipients of the 2019 Technology Excellence Awards at its annual conference April 17th in The Woodlands.

2019 Excellence Award winners:

- City of Bryan for their Cyber Warrior Project
- City of Seguin for their Spillman CAD/RMS Project
- Victoria County for their Juvenile Center Camera System Replacement
- Williamson County for their On/Off Boarding Project

TAGITM annually recognizes excellence in outstanding innovation and application of leading-edge computing or communication technologies. Candidates for Excellence Awards are nominated by TAGITM members. Winners are chosen by a committee of peers who judge nominated projects based on their impact on improving internal operations, providing exceptional customer service or enhancing communications. To be considered, the project must be fully implemented and deliver the described services.

About TAGITM

The Texas Association of Governmental Information Technology Managers (TAGITM) began in 1978 as the Texas Association of Governmental Data Processing Managers. The name of the organization was changed in 2000. A not-for-profit organization, TAGITM provides information systems professionals a forum for generating ideas, sharing problems and developing solutions. Its purpose is to enable Texas cities, counties, school districts and appraisal districts to realize the full potential of automation benefits.
