

## NEWS & RESOURCES

### Update Your TAG Member List—Dues are Due Soon

To prepare for dues renewals, please review and update your organization's list of TAG members NOW. If you are the primary TAG contact, go to [Manage Profile](#) > **Sub-accounts** and review the list.

1. To **Add** new TAG members, enter their email address in the **Invite New Members** field and click **Send Invite**.
2. To **Remove** TAG members from your organization, click on the detach icon next to their name.

Primary contacts will receive dues renewal notices January 15th. **You must renew your membership online prior to March 15th** for your foundation's TAG members to continue to receive TAG benefits, including participating in webinars and accessing the website. TAG dues remain the same as in 2017.

### Call for Volunteers!

Get involved with TAG and meet your colleagues, grow your network, and build your leadership skills. We are looking for volunteers for 4 TAG committees:

1. Conference Agenda
2. Conference Logistics
3. TAG Surveys
4. Webinars

Please contact [Lisa Pool](#), 610-688-6832, by January 15th if you are interested in getting involved with TAG. Lisa will help you figure out what's best for your interests!

### TAG 2017 Best Presenter Award

Congratulations to **Nada O'Neal**, VP of IT at ASPCA, for being the winner of the TAG 2017 Best Presenter Award! Nada's session, *User Acceptance Aikido: The Art of Partnering to Drive Technological Change*, was about implementing new technologies, improving processes, and cultivating greater enthusiasm to increase adoption and drive peer-to-peer training.

Thank you for your time and effort to create and deliver a fantastic

session!

## Interesting Reading

### [A Blueprint for Facility Risk Management](#)

Nonprofits own and operate many different kinds of facilities. Although in other business functions, risk may be less visible or apparent, the facilities we occupy are under our feet and above our heads every day. Managing risk in facility use and operations is therefore an integral part of a holistic approach to risk management. [Learn More »](#)

### [Announcing Microsoft Flow for OneDrive For Business](#)

Microsoft Flow enables users to create automated workflows between your favorite apps like OneDrive. Microsoft Flow allows you to create automated workflows between your favorite apps and services to get notifications, synchronize files, collect data and more. You can turn repetitive tasks into multistep workflows. You can even make decisions in your workflow, like running an action only when specific conditions are met.. [Learn More »](#)
