June 25, 2013

Dear Supporter:

On behalf of the American Water Works Association – Desert Mountain Chapter (AWWA-DMC), we invite you and your firm to participate in our 13th Annual Desert Water Golf Tournament to be held on Friday, September 20, 2013 at Painted Dunes Golf Course with a 1:00 p.m. shotgun start. The Format will be a Four Person Scramble. Our goal is to raise $10,000 that will be awarded as local scholarships. Any additional proceeds will be donated to the “Water For People” Program. With your generous participation, we intend to raise enough funds to make a difference in our community and abroad.

Since its founding in 2001, the AWWA-DMC has successfully awarded approximately $30,000 in scholarships to students from the Paso Del Norte Region (Las Cruces, El Paso, and Ciudad Juarez). Scholarships are awarded on the basis of merit to students in the engineering and science fields focused on the improvement of our water resources and wastewater management.

Water for People is a national program created by the AWWA to bring about projects that will improve the quality of existing water resources in developing countries. Some of these projects consist of building the necessary infrastructure to make existing water resources potable (suitable for drinking) and distribute water to isolated villages and communities in Africa, Asia, Central and South America. For more information, visit www.waterforpeople.org.

Our Membership is composed of engineering, operations, management, and education professionals in the water, wastewater and environmental sciences fields. Together we bring a varied array of expertise to our community and role models to our students. As one of the most solid organizations in our region, the AWWA-DMC is self sustained and solely depends on this event to raise funds for our charitable projects.

Please review the enclosed Tournament Announcement and consider sponsoring our event. Join us for a wonderful afternoon of golf. We guarantee you will enjoy the company of enthusiastic professionals engaged in the water industry.

If you have any questions, please contact Joe Baca, Tournament Committee Chair at (915) 790-0790 / borrego-o'brien@tankindustry.com.

Best Regards,

Gilbert Trejo P.E.
