President’s Message

Hello NCT TAWWA Members! I’m excited to serve as chapter President and look forward to seeing you at the many meetings, events, and industry activities we have upcoming this year. Since this is my first message, I’d like to share a bit about myself. I started out in the water industry straight out of Auburn University, where I met my husband, Greg, who is also a water/wastewater engineer. We have two children, ages 15 and 17, two dogs (one who doesn’t shed and one who sheds year-round!), and live in the beautiful City of McKinney. Although I’m a native Alabamian, I can proudly say I have been a Texan for almost 14 years now. For about half of that time, I have been volunteering on committees and serving in leadership for the NCT Chapter of TAWWA, and it’s been extremely rewarding. It’s hard to put into words the value of participating in an organization like this, but I’ll try:

**Networking opportunities** – we offer multiple networking opportunities, from our chapter meetings, Drinking Water Seminar, Holiday Dinner, YP events, and Pipe Tapping Competition. Our events are listed in this newsletter and more information is provided via email and social media. To be added to the email list, please contact Chris Bitter. Come meet your colleagues and expand your network!

**Giving back** – through your event attendance and organizational sponsorships, our chapter was able to raise over $45,000 in 2017-2018 for scholarships and water-related charities! Spread the word! Your attendance and sponsorships enable our chapter to give back to our communities and the industry at large.

**Education** – the Texas Section of AWWA is one of 6 Sections in the nation that won this year’s AWWA Section Education Award and will be recognized at ACE 2018 in Las Vegas, NV, June 11-14, 2018. Our Education and Outreach Committee does an outstanding job in supporting science fairs, providing resources to local teachers, and creating public outreach for social media. Additionally, our chapter meetings and Drinking Water Seminar provide a great way to obtain continuing education hours for attendees.

**Fun** – NCT TAWWA tries to put a bit of fun into everything we do, but our summertime Member Appreciation Event usually takes the cake. Be on the lookout for more info coming soon on this summer’s event.

I encourage each of you to continue supporting NCT TAWWA through your membership, sponsorship, attendance at chapter events, and volunteering your time. There are many committees both at the local and state level - Please reach out to me or any of our other NCT TAWWA leaders for additional information or for ways you can get involved. Looking forward to another great year for our Chapter!

Communications Committee

Thanks to our NCT TAWWA members who contributed their time bring you this issue of *The Lake!*

Andrea Fernandez—CDM Smith  Katie Stowers—CP&Y  Mia Welch—TetraTech
Gabe Trejo—Arcadis  Jacob Niemeier—Stantec  Suparna Mukhopadhyay—CDM Smith
Katie Livas—HDR  David Vallejo—Jacobs

For contributions and to volunteer on the Communications Committee, contact Andrea Fernandez.
Bachman Water Treatment Plant Presentation and Tour

Dallas Water Utilities (DWU) hosted NCT TAWWA this year for their annual plant tour in April at their beautiful grounds of the Bachman Water Treatment Plant. Before attendees were able to tour the facility though, they rendezvoused at Pappasito’s for some queso, tacos, and a presentation on the recent upgrades performed at the plant. Plant Manager, Chaise Holmgren, and the Construction Manager who oversaw the work, Leyla Gutierrez, discussed how risk in the project was identified early in construction and how they worked together with the Contractor to minimize risk for all parties involved. Work at the plant included rehabilitation to the plant’s sedimentation basins and clearwells, as well as a host of chemical improvements in preparation of switching over the plant’s treatment process over to enhanced coagulation and biological filtration. After the presentation, the group disbanded only to reassemble at the plant.

Constructed in 1930, the Bachman Water Treatment plant is the oldest water treatment plant operated by the City of Dallas. Originally commissioned as a 30 MGD plant, today Bachman can treat 150 MGD, making it the smallest of Dallas’s three water treatment plants. Located next to Bachman Lake, just north of Dallas Love Field, the plant draws water from the Elm Fork of the Trinity River by gravity into pre-sedimentation basins before being pumped up and into the process at the plant. Raw water is ozonated before it undergoes consecutive primary and secondary stages of flocculation and sedimentation. After the second pass, water flows over to the Filter Complex and their unique, partially covered 24-inch deep anthracite filters. Once filtered, water is stored on site within clearwells before being pumped off into the distribution system. As plant staff guided small groups through the plant, Dan Halter’s Central Snappers provided the soundtrack for the evening.
Upcoming Chapter Lunch Meeting

**Water 4.0 – Digitalization of the Water Industry**

By: Ben Clark, Siemens Industry, Inc.
Location: Texas Star Conference Center
1400 Texas Star Pkwy,
Euless, TX 76040
Date: Thursday, June 28, 2018
Time: Social: 11:15 a.m.
Lunch: Noon

Register or sponsor by NOON June 26 – This deadline is for reservations and cancellations.

Mark your calendars for our upcoming Chapter Meetings:

- Thursday, August 23, 2018 — Chapter Lunch Meeting
- Thursday, October 18, 2018 — Chapter Lunch Meeting
- Thursday, February 21, 2019 — Chapter Lunch Meeting

**Note that if you reserve and do not attend the meeting, the chapter still pays for your meal. If you cannot attend, email Steven Mendoza by the deadline. If you do not cancel your reservation prior to the deadline, mail missed meeting dues to Carollo Engineers, Inc., ATTN: Steve Mendoza, 14785 Preston Road, Suite 950, Dallas, TX 75254.**

**Get In The Loop!**

Celebrate your victories, celebrations, and accomplishments! Tell us about new certifications, weddings, promotions, babies, graduations, etc! Send to Andrea Fernandez or post on our social media!!

Welcome to CDM Smith new hires: Chris Pat-in, Jesse Hamm, Debbie Santos and Suparna Mukhopadhyay!

Congratulations to our NCT education committee for being recognized at Texas Water!

Congratulations to Katie Stowers with CP&Y for being accepted into the SMU MBA program for her master’s! She’ll still be at CP&Y full time and adding to her plate!

Welcome to Rosalyn Le who joined the Water Practice Group at CP&Y! She has her master’s in Civil Engineering from UTA and is starting as an EIT in the Dallas office.
YP Corner

Things have been a bit quiet on the YP front these past couple of months as we have been busy with transitioning leadership and attending Texas Water.

As the summer kicks off, though, we are ready to hit the ground running!

We would like to formally announce that John Logan who had been one of our fearless YP Committee Chairs for the past few years has officially moved up to the YP Chair for the entire state of Texas. Congratulations to John!

His Chair position has now been filled by Michael McBee (Freese & Nichols). Congratulations to Michael!

Now, on to the stuff you really want to know. When is our next event?

And the answer is tentatively, we are scheduled for a day of service at the Dogwood Canyon Audubon Park by Joe Pool Lake on Saturday morning, June 16th. So, put a save-the-date in your calendar and we will let you know more details once we have them.

Don’t forget to check your emails and social media to get all the information for this year’s events!

For you real go-getters and planners, here is a tentative schedule of events for the remainder of the year:

- June 2018: 3rd Annual Service Event
- July 2018: Joint Social Event with WEAT – 3rd Annual Two-Stepping Night Out!
- September 2018: 5th Annual Casino Night benefitting Water For People
- November 2018: Joint Happy Hour with WEAT

If you would like to be added to our YP listserv, please email us at awwa.ntx.yp@gmail.com.

Happy New Year!

Your YP Chairs,

Jacob Niemeier (Stantec/Vera Aqua Vera Vita)
Brandon Mellgren (Newman Regency Group)
Chris Boyd (Alan Plummer)
Michael McBee (Freese & Nichols)
Our North Central Texas (NCT) Chapter of Texas AWWA conducted a survey among its members to determine whether they feel the chapter’s main events are valuable. This survey was completed during the first months of 2018. Respondents were surveyed about the following topics: Lunch Meetings (Format and timeframe, quality and variety of technical presentations, facility quality and location, and opportunity for networking), Overall value of the chapter’s main events (Bi-monthly Lunch, Pipe Tapping Competition, Plant Tour, YP Events, Member Appreciation Event, Holiday Dinner, Drinking Water Seminar, and Casino Night) in relation to opportunities for networking and for obtaining continuing education credits, and Popularity of the chapter’s main events in relation to attendance volume.

The statistics related to the survey respondents show that about 40 percent of members work for utilities and another 40 percent work for consultants, with the remaining percentage belonging to academia, manufacturers and their sales representatives, and others. About 20 percent of respondents are young professionals (YPs) with the remaining respondents being “young at heart.” The results show that respondents were generally happy with the chapter’s events and see most of these meetings as having good or high networking and continuing education values. The majority of respondents reported having attended at least one bi-monthly lunch meeting in the past year, with the next most attended events being the October Drinking Water Seminar and the Holiday Dinner. About 30 percent of respondents reported having attended these two latter events in the past year. When asked specifically about the bi-monthly lunch meetings, the majority of respondents indicated to be satisfied with this event.
Con’t: TAWWA NCT Chapter Survey Results Are In

The Chapter Leadership Team is working hard to address concerns and constantly improve our events! Our chapter would love to hear more feedback from our members and friends on how we can improve the quality of some of our less attended or lower rated events, so that they all provide high value in the future. Please contact Katie Livas to provide any further feedback.

[Graph showing levels of networking and continuing education value for different events]
On March 22nd, members gathered at DN Tanks in Grand Prairie to mingle, eat, and watch 5 pipe tapping teams battle it out for first place at this year’s Annual Pipe Tapping Competition. There was a great turn out of members at the event. Many members brought their kids, family, and significant others. This year 5 teams competed, including 3 men’s teams and 2 women’s teams. The men’s teams were Reservoir Dogs (NRH), Big “D” Tappers (DWU), and Warriors (Ft. Worth). The women’s teams were Big “D” Lady Tappers (DWU) and the Lady Bandits (Ft. Worth). Both the teams from DWU ended up winning first place for having the fastest time. Overall, the event was a great success and a whole lot of fun! Thanks to everyone who attended. We hope to see you again at next year’s pipe tapping competition!
TAWWA North Central Texas Section and WEAT members teamed up with Tarrant Regional Water District (TRWD) for their Spring Trash Bash event to clean up the Trinity River near Cold Springs Trailhead, Fort Worth. We were granted with a glorious day filled with sunshine, a light breeze, and lots of trash! Volunteers received t-shirts, some of which read ‘H2O is awesome’ to show that we have the spunk coupled with the commitment to work hard and clean up the Trinity. A huge thanks to all the volunteers and the super energetic kids for coming out on a Saturday morning to help us collect over 20 bags of trash. After all, there’s nothing like stomping around in the mud to build friendships. Post clean up, there was a fabulous celebration all free of charge for volunteers with hot dogs, delicious popsicles, frisbees, door prizes and hula hoop entertainment at Panther Island Pavilion!

This was the first joint clean-up event this year and there will be another one in the Dallas region in the month of September. Stay tuned for more updates on great opportunities to give back to our community and make a lasting impact!
Be sure to congratulate some of the awesome winners from our Chapter in various awards presented during the 2018 Texas Water Conference.

**Gold Water Drop Award**: Glen G. Hughes (Carrollton); Achieved 50 years of service to the water community and AWWA!

**Membership Award**: Mary Gugliuzza (Fort Worth)

**Water Conservation and Reuse Awards**:

- **Large Utility Direct & Bob Derrington Reuse Award**
  - City of Frisco – Star Facility Reuse Project
- **Large Utility Indirect**
  - City of Frisco – Irrigation Station Workshop

**Watermark Awards for **Communication Excellence**:

This year North Texas Municipal Water District (NTMWD) stole the show with prizes in seven of the total eight categories of watermark awards. **Category I** (Communications programs: internal campaigns, external campaigns, crisis communications, community relations): North Texas Municipal Water District – Live It; Honorable Mention – City of Fort Worth – Lead Service Line Program. **Category II** (Periodicals: magazines or newsletters): Arlington Water Utilities – Buzz Words Internal Newsletter; North Texas Municipal Water District – eNewsletter. **Category III** (Publications: annual reports, annual water quality reports, brochures, direct mail materials and other multi-page publications): North Texas Municipal Water District – 60th Year Annual Report; Honorable Mention – City of Fort Worth – Annual Water Quality Report. **Category IV** (Online communications: websites, Facebook, Twitter, online newsletters, etc.): North Texas Municipal Water District Social Campaign. **Category V** (School Curriculums): Trinity River Authority of Texas – Vital Link Program. **Category VII** (Audio and visual: videos, DVDs, slide shows, PowerPoint presentations, etc.): North Texas Municipal Water District – NTMWD Videos; Honorable Mention – City of Frisco – 100 Days of Progress in Motion; North Texas Municipal Water District – Defend Your Drains North Texas. **Category VIII** (Miscellaneous: photography, logos, one-time advertisements, posters, illustrations, invitations): Trinity Regional Water District – Denton County Greenbelt Plan

TAWWA also recognized members for their exceptional service to the water industry with the Silver Water Drop awards (careers spanning over 30 years) and Life Membership Awards (previously achieved Silver Water Drop and are now at least 65 years old). The North Central Texas Section also received category award for education and the trashiest section award in the Texas River Cleanup Challenge. Congratulations to all operators who competed for the fastest times and made our section proud!
Thanks to all who organized and attended Texas Water in San Antonio this year! A special thank you to Malcolm Evart Cowdin for his wonderful photography for this event.
New NCT Chapter Officers and Committee Chairs

The voting is in and we have some officers and committee chairs in some new positions. Find the full list and contact info on page 14, but let’s feature here those who are new to the group and/or have a new position within the leadership organization! You can learn a little more about these awesome leaders, including of course, Mia Welch who is featured in the first page of the newsletter.

**Chapter Vice-President — Katie Livas**

Katie is a project manager for HDR and has been an active member of NCT TAWWA since she began her career in 2007. Katie has more than eleven years of experience in many areas of municipal waste water and water treatment process design. Her water treatment process experience includes chemical facilities evaluation and design, pump station modeling and design, clearwell design and rehabilitation. Her wastewater project experience includes numerous expansion and rehabilitation projects including headworks, grit removal; primary and secondary clarifiers; filtration; UV disinfection systems and peak flow storage facilities. Katie lives with her husband and two daughters in Allen, Texas.

**Chapter Secretary — Stefanie “Stefi” Massey**

Stefi has worked for AECOM for over 8 years on both water and wastewater projects, focusing primarily on the rehabilitation of treatment facilities and pump stations. She has served as the Communications Chair, Arrangements Chair and the Programs Chair for the NCT TAWWA chapter prior to serving as the Secretary. She and her husband have a 15-month old son and three dogs, who together weigh over 280 pounds.

**Chapter Programs Chair — Valentine Sonnier**

Valentine has been serving the Water & Waste Water Industry with Instrumentation, Automation, and Electrical products for over 18 years, and has been working for Siemens for 15 of those years. Valentine has had roles within the Southeast Texas and NCT chapters of AWWA over the past 4 years and has presented at WEFTEC. Valentine is a graduate of McNeese State University in Lake Charles, LA and has lived and worked in the DFW area for 27 years.

**Chapter Arrangements Associate Chair — Brandy Martinez**

Brandy works with Perkins Engineering Consultants conducting environmental engineering and regulatory and compliance work for both municipal and industrial clients. She holds a masters from Southern Methodist University (SMU) in Sustainability and Development in Environmental Resources and is working on her second masters from SMU in Environmental Engineering. Brandy has been an active NCT member since 2013, serving as Secretary of the Drinking Water Seminar Committee and then working her way up to Chair of the Drinking Water Seminar in 2017. Brandy is excited to continue serving the NCT Chapter as the Arrangements Associate Chair!
Con’t: New NCT Chapter Officers and Chairs

Chapter Seminar Chair — Dustan Compton
Dustan Compton has been the Regional Conservation Program Manager for the Tarrant Regional Water District for three years. He is responsible for enhancing and promoting water conservation programs for the district. Previous employment includes the City of Arlington where he developed and implemented an active water conservation program for 7 years. Dustan has a master’s of science degree in Applied Geography, with a water resources emphasis, from UNT and a bachelor’s of science degree in Environmental Management from Northeastern State University. He lives in Grapevine and is married with three monsters as children.

Chapter YP Co-Chair — Michael McBee
Michael McBee is a project engineer at Freese and Nichols, Inc. in their Fort Worth office. Michael has 4 years of experience and specializes in large diameter pipeline, pump station, and municipal utility projects. He has a B.S. in Civil Engineering from Texas A&M University, whoop! He is looking forward to serving alongside fellow YPs at Dogwood Canyon Audubon Center on June 16th.

Welcome back to these continuing in their role!

The following are water-related events sponsored and coordinated by other organizations which may be of your general interest. If you would like to add an event to this calendar, please contact Katie Stowers.

**Summer is upon us! Stay cool and dewy with these activities:**

**June 2, 9am-Noon**
Kayak through our amazing home with the Trinity River Audubon Center! Our guides provide all the equipment and instruction you need to get on the water for a two-hour kayak trip. You'll learn about the history of the river while you meander through the Great Trinity Forest. We transport you upstream to a launch point and guide you as you paddle back down the river. See a side of Dallas very few get to enjoy all while cruising past herons, egrets, beavers, turtles, river otters, and more! For more information see link.

**June 7, 6pm-8pm**
The Fort Worth Water Department will host a travelling “Drip Irrigation” classes. The event will kick-off with Tarrant Regional Water District’s DIY Sprinkler Expo and follow with four successive weeks of “Drip Irrigation” classes. Drip irrigation is the most efficient irrigation method for landscape beds, potted plants, vegetable gardens or home foundations. Students will learn how to install, convert and maintain a drip irrigation system. Must sign up in advance online or call the Conservation section at 817-392-8740.

**July 19, 6pm-7pm**
Weed'em and Reap: Weeds and Watering. This class makes sense of two of the most challenging issues many homeowners face. If you’re having trouble controlling unwanted plants in your lawn and landscape or if you’re confused about when to water and when to wait, we’re here to help. Learn the best approach to managing weeds effectively without the over use of chemicals and your time so you can reap the rewards of a green environment. Thistle be a great class for sure! RSVP by calling 972-538-5949 or email.

**August 2, 6pm-8pm**
Saving from a Rainy Day: DIY Rain Barrel Class (Lewisville). This class is a barrel of fun! Rainwater is the best water for your lawn, landscape or vegetable garden; Divert it, Save it, Use it! Come learn the basics and benefits of rainwater har-vesting and reduce the effect your stormwater has on the environment. Participants will learn how to collect and utilize rainwater at home. This class is hands on “DIY” where each participant will build and take home a 55-gallon rain barrel at $50 dollars each. Rain barrels are recycled food-grade containers and are roughly 24” wide by 36” tall. To register and pre-pay for your rain barrel, please click here.

17th ANNUAL ROBERT F. PENCE
North Central Texas Chapter of Texas AWWA DRINKING WATER SEMINAR
OCTOBER 26, 2018
The Petroleum Club of Fort Worth
Thank you to all the sponsors and all who attended the 2nd Annual Pipe Tapping Competition this year! It was a huge success!
North Central Texas Chapter of the Texas Section of AWWA

Sponsorship Opportunities | May 2018 - April 2019

Annual Program Sponsor

- **Annual Program Sponsor: $2,000:** Annual Program Sponsors are recognized at all FOUR bi-monthly Chapter Lunch Meetings (June, August, October, and February), have their name included on our website and in our bimonthly newsletter *The Lake*, and are thanked at each meeting.

- **Individual Chapter Meeting Sponsorships** are also available for each Chapter Lunch Meeting at the following sponsorship levels:
  - **Platinum:** $1,000: Includes 2 registrations, logo on all event advertisement, and recognized at the meeting
  - **Gold:** $500: Includes 1 registration, logo on all event advertisement, and recognized at the meeting
  - **Silver:** $250: Includes logo on all event advertisement, and recognized at the meeting

Special Chapter Events

YP Casino Night Tournament (September 2018)

- **Platinum:** $600: Includes everything listed in the Gold Sponsorship level, company logo presented at a casino table, and recognition for providing party favors for the event
- **Gold:** $400: Includes your company’s name and logo on a slide show and on the official flier, and marketing material displayed at the event
- **Silver:** $250: Includes your company’s name on the official flier, and marketing material displayed at the event

Robert F. Pence Drinking Water Seminar (October 2018)

- **Platinum:** $750: Logo included on signage and slideshow, 3’X6’ table space for sales literature
- **Gold:** $500: Logo included on signage and slideshow, 3’X6’ table space for sales literature
- **Silver:** $300: Logo included on signage and slideshow

Holiday Dinner (December 2018)

- **Platinum:** $1,500: Includes a reserved table, 10 meals, one reserved table, logo on table centerpiece, logo on announcements, newsletter, and posters, and thanks before presentation
- **Gold:** $1000: Includes 5 meals, half-table reserved, logo on table centerpiece, logo on announcements, newsletter, and posters, and thanks before presentation
- **Silver:** $500: Includes logo on announcements, newsletter and posters, and thanks before presentation

Pipe Tapping Competition (March 2019)

- **$250:** Includes logo on all event advertisement and thanks before the event

Plant Tour (April 2019)

- **Platinum:** $1,000: Includes 2 registrations, logo on all event advertisement, and thanks before the tour
- **Gold:** $500: Includes 1 registration, logo on all event advertisement, and thanks before the tour
- **Silver:** $250: Includes logo on all event advertisement, and thanks before the tour
