**Martin was to become a professor at the University of Wittenberg, teaching philosophy and then Biblical studies. Whilst he was studying the Bible, God showed him that the way of salvation was through faith in the Lord Jesus Christ alone and not through the priest or saints interceding for him, or through Martin trying to earn his salvation through his own works. Martin was shown that the Bible was right and the Roman Church was wrong. A monk named Tetzel even claimed to be able to sell God's forgiveness by asking people to pay money to him for a useless piece of paper called an indulgence. Depending on how much the person paid, this paper was supposed to provide forgiveness of sins and to reduce the amount of time a soul had to spend in purgatory (the place where Roman Catholics believed a person went after death to pay for their sins). This enraged Luther so much that one day he did something very bold.**
