Vote for me as your voice in the ANA
Membership Assembly!

**YOUR VOICE FOR
ADVOCACY AND ACTIVISM**

As your ANA representative, I will advocate at the national level for healthcare policy and nursing issues for all Texas stakeholders: nurses, patients, families, and communities! I will continue to address concerns of the assembly and nurses nationwide: nurse workplace violence, safe staffing measures, the opioid crises, and dignity in dying.

As TNA & ANA looks to a bold future where nurses lead, I will be there representing what matters most to YOU!
