**Keep adding \$15 to get the correct application if are submitting an Individual Activity that needs more than 63 CNE Contact hours to be reviewed.**

**\*\*LARGE ACTIVITY APPLICATIONS:**

**Does your activity meet one of the following?**

1. Is it multi-disciplinary?
2. Is it greater than two (2) days in length?
3. Is it more than 15.0 contact hours?
4. Does it have multiple presenters?
5. Are there multiple breakout sessions?

6. Is it a conference (at local or national level)?

**If yes to any of the questions above, this a large activity.**

These types of activities present a special challenge to both the individual activity organization and the Nurse Peer Review team responsible for assuring that the activity meets ANCC/TNA criteria

In an effort to facilitate successful application and review process, the following is now required –

- The Nurse Planner must have a pre-application/submission discussion with the TNA Director of Education.
- This discussion should take place early in the activity development process, not at the end.
- The activity application must be submitted at least 60 days prior to the date of first presentation. This is to allow sufficient time for the review process to be completed and, if necessary, provide time for any revisions or additional information that may be needed.
