Texas FloodED

2016 Grassroots Effort to Introduce TFMA to our Elected Officials and Become a Resource as Important Decisions are made on Flood Issues and Funding

TFMA Spring Conference
March 10, 2016
Need for Flood Education

- Extreme flooding events in 2015 brought attention to flooding in Texas from the Governor, Lt. Governor, State Legislature.
- TFMA is the premier association that represents floodplain management professionals in Texas – we can provide the best assistance in educating our elected officials.
- In the past year, TFMA leadership met with Legislators, State Leadership, and Other Officials to obtain $6.8M in funding for enhanced floodplain management and warning.
- TFMA was encouraged to raise our level of visibility
- TFMA should be a technical resource for our elected officials as they make important decisions on flood issues and funding.
- TFMA can make a larger impact as the best technical resource for flood issues in Texas.
- We need to let our Elected Officials know who we are and how we can help!

2016 Flood Education Program Goals

- Meet with key Texas Representatives and Senators before July 1, 2016 to introduce TFMA
- Organize volunteers from TFMA membership into 2 – 4 person teams based on your geographic location/district to meet with your elected Rep and/or Senator.
- Each team will have a Team Lead and will be provided with training on how to set up meeting, talking points, and general tips for meeting with your elected officials.
- It is very important that we have the same consistent message to all legislators.
- Teams will set up meetings in the Rep/Senator’s Home (District) Office.
- Team Lead will send summary report of each meeting to TFMA Executive Office for an overall summary report to be reviewed by TFMA Board this summer.
Program Timeframe

- March 2016:
  - Introduce campaign March 10th at TFMA conference in Houston
  - Enlist volunteers from TFMA membership through end of March.
- April 2016:
  - Training/organize the troops;
  - Webinar to teach volunteers how to set up meeting, what to say, what not to say.
  - Provide teams with a template for taking notes and evaluating the success of each meeting (document attendees, date, questions asked by legislators’ staff, rating for meeting).
Program Timeframe

- **May – June 2016:**
  - TFMA meetings in Representative/Senate home district offices.
  - Teams will meet with Reps/Senators. Take a packet to the Rep/Senator with TFMA info material.
  - End of June 2016: If not successful in setting up meeting, drop off packet at end of June.

- **July 2016:**
  - Deadline to send summary report to TFMA office. TFMA office summarize results and report out at TFMA Board Retreat.
Sign Up to Help!

- Great way to give back to the floodplain management community.
- Meet your elected official.
- Meet and network with other TFMA members in your area as you meet with your elected officials.
- Make an impact on potential future flood-related policy, legislation, and funding in Texas!

*If you are interested, fill out form on tables and return to registration desk.*
