

Steven Nelson

Position: Region 1 Director

Describe your qualifications, past TFMA involvement, etc.:

I'm a Sr. Civil Engineer in the Stormwater Department at the City of Lubbock. I have been serving as the Region 1 Director for past 4 years and look forward to continuing in the role if re-elected.

Summarize why you think you would be the best candidate for this role.

My emphasis will continue to be providing quality training in my region. I will also support board actions focused on improving training materials, presentations, and activities. Having relevant materials for floodplain managers and engineers is essential to the growth of TFMA.
