Sedwick” Award; TFMA Memorial: Mike Howard Endowed Scholarship Fund – Sul Ross University, Alpine; TFMA Honor: Mike Howard Distinguished Lectureship Series –TFMA Annual Conference; TWDB – Texas NFIP State Coordinator – 1997-2004

Mike was born on September 15, 1950 in Austin, Texas and passed away on April 22, 2011 (age of 60) in Travis County. Mike will long be remembered for his long years of public service which started in 1969 with the original Texas Water Development Board. Most of his public service work involved floodplain management and Mike became the State NFIP State Coordinator in 1997, under the Texas Natural Resource Conservation Commission and then under the Texas Water Development Board before his retirement in August 2004. Mike accepted a position at the Texas Department of Rural Affairs until he made his final retirement in May 2011. Mike gave 42 years of his life to public service, dedicated to improving the environment, protecting the state’s valuable water resources and floodplains, and most of all saving precious life from floods and other disasters. Mike was also honored to serve as the ASFPM Board of Directors Secretary from June 2000 until June 2002.

To honor the memory of Mike and to recognize his public service and dedication to floodplain management and flood safety, TFMA created the *James Michael Howard Endowed Memorial Scholarship Fund* at Sul Ross University in 2011. Sul Ross was Mike’s alma mater having completed his degree in August 1992.

In 2014, TFMA created the “*James Michael Howard Distinguished Lectureship Series*” to recognize Mike’s continuing and everlasting contributions to the State’s floodplain management program and his passionate dedication to assisting local floodplain managers.

Mendes, Paul Peter

Born: 09 May 1944 – New York City, New York
Died: 22 August 2019- Woodlands, Montgomery County, Texas
Burial:

TFMA Member:

Certified Floodplain Manager: 1998

TFMA Activities: Conference Photojournalist

Veteran: U.S. Army – 5th Group Special Forces “Green Berets” – Vietnam – 3 tours

Paul was born on May, 9, 1944 in New York City, New York and passed away on August 22, 2019 (age of 75) in the Woodlands, Texas. Paul spent his youth in Highlands, New Jersey.

A childhood on the Shrewsbury River (New Jersey) made young Paul an accomplished boater and he and his brothers used their smarts and skill to out maneuver and torment the local marine police. Devising intricate “escape strategies” to jump sandbars or maneuver deftly across underwater anchor cables, it was clear from an early age that he possessed a tactical mind. After graduating high school Paul attended Sam Houston State University where he received his degree in Photoengraving with a minor in Photography, and later completing his master’s degree in public service administration.

Paul was a proud member of the ROTC at Sam Houston and accepted his first commission directly out of college spending the next ten years in the U.S. Army 5th Group Special Forces, commonly known as the Green Berets. He served three tours in Vietnam, and was on one of the last choppers out after Saigon fell. Paul volunteered to return to Vietnam with JCRC (Joint Casualty Resolution Center) to recover soldiers missing in action and had a passion for bringing his fellow soldiers’ home.

TFMA MEMORIAL

McMillen, Robert Paul

Born: 20 November 1952 – Fort Worth, Tarrant County, Texas
Died: 28 December 2016 – Tarrant County, Texas
Burial: Mansfield Cemetery, Mansfield, Tarrant County, Texas

TFMA Member

Certified Floodplain Manager – 2011

TFMA Agency Sponsor – Parkhill, Smith & Cooper

Paul McMillen passed away peacefully on December 28, 2016 after a long battle with cancer. He was born November 20, 1952 in Fort Worth, Texas, the fifth of six children, to Charles William and Janie Lee Elizabeth McMillen. Paul graduated from Mansfield Texas High School in 1971 and was a graduate of the Texas Tech University Class of 1978 with a Bachelor of Science in Agricultural Engineering. Paul had made his home in Lubbock since 1982.

Paul served as the Hydraulics and Hydrology Team Leader with Parkhill Smith & Cooper. Paul was most frequently described as "an engineer's engineer" '96 attentive to the needs of his clients and to the details needed for successful engineering projects. As a consulting engineer, he served the citizens of Lubbock and surrounding areas by designing civil works such as pipelines to carry water, pump stations to move storm water, and most notably a city-wide drainage project to relieve flooding in South Central, South and Northwest Lubbock. His legacy as an engineer lives on through the many young engineers he personally trained while at PSC.
