Healthcare Leaders Addressing Experience across the Continuum of Care to Participate in Panel at Patient Experience Conference 2015
Community Dialogue Representing Hospital, Physician Practice and Long-Term Care Perspectives added to annual event from The Beryl Institute

Dallas, TX (February 18, 2015) – The Beryl Institute announces Thursday’s panel on “A Community Dialogue on Improving Patient Experience throughout Continuum of Care” at Patient Experience Conference 2015, to be held April 8-10 in Dallas, Texas. The Community Dialogue will include a panel of respected healthcare professionals in a discussion on practice across the continuum, engaging the voice of patients and families and sharing practices and new ideas to improve experience at all touch points on the continuum. The panel represents perspectives from the physician, long-term care and healthcare arenas.

Facilitated by Jason Wolf, President, The Beryl Institute, the Community Dialogue panel includes:

- Dr. Larry Brown, Medical Director, Alegent Creighton Clinic
- Audrey Weiner, President and CEO, Jewish Home Lifecare
- Dan Wolterman, President and CEO, Memorial Hermann Health System

“From clinics and practices, to the acute setting, to long-term care, an unwavering focus on the experience of patients and families remains a critical part of ensuring the best in outcomes for those we serve,” said Jason Wolf, President, The Beryl Institute. “This critical discussion will provide practical insights and inspiration to continue to expand the experience movement to all corners of healthcare.”

Patient Experience Conference is the largest independent, non-provider or vendor related event bringing together the collective voices of healthcare leaders, staff, physicians, patients and families across the globe to convene, engage and expand the dialogue on improving patient experience.

The conference program also includes previously announced keynote speakers, breakout sessions, community gatherings and pre-conference workshops. View the full conference program and register at: http://www.theberylinstitute.org/?page=CONF2015_OVERVIEW.

###

About The Beryl Institute:
The Beryl Institute is the global community of practice and premier thought leader on improving patient experience in healthcare. The Beryl Institute serves as an independent, non vendor or provider-related community dedicated to bringing together the many voices, views and perspectives on improving the patient experience.

The Institute defines the patient experience as the sum of all interactions, shaped by an organization’s culture, that influence patient perceptions across the continuum of care.
