

FILE SIZE REQUIRED:

- Please ensure the image has a minimum dimension of 500px x 500px
- The maximum size allowed is 2mb per image

MINIMUM CAMERA MEGAPIXEL:

Please use cellphones and digital cameras with at least 5 megapixels so that the quality of the image meets the required standard.

CROP YOUR IMAGES:

Please crop images so that they are square before upload if necessary and ensure the product is clearly in the centre of the image.

Example:

Original image you may take:

Cropped image should be square for Peek upload:

PLEASE ENSURE:

- Images must be in focus.

- Images are not pixelated.

- Products are clear and correctly centered on image.

- Images must not be converted to black and white.

- Backgrounds are plain and do not distract from the product. For example below, the background is a plain white wall. This allows the viewer to see the product clearly.

- Please upload only one image of each product. Do not upload multiple images of the same product as it will not be approved.
- Images must not be flipped/ rotated.

- Do not take photos at night – make sure there is sufficient light.
- Please take front view photographs of the product.
