SFT STUDENT ABSTRACT REVIEW SHEET

Judge #: 

Abstract ID number: 

Abstract Title: 

I. INTRODUCTORY STATEMENT:  
   A. Describes study and states objectives (0-4)  
   Score: ________  

II. HYPOTHESIS:  
   A. Clearly states the purpose of the study (0-4)  
   Score: ____________  

III. METHODS/EXPERIMENTAL DESIGN:  
   A. Experimental design appropriate for hypothesis (0-6)  
   Score: ____________  
   B. Methods appropriate and clearly described (0-4)  
   Score: ____________  

IV. RESULTS:  
   A. Statistical analysis/presentation of results (0-6)  
   Score: ____________  

V. DISCUSSION/CONCLUSIONS:  
   A. Appropriate interpretation of results (0-6)  
   Score: ____________  
   B. Relates to original hypothesis (0-4)  
   Score: ____________  

VI. IMPORTANCE/ORIGINALITY  
   A. Importance of study to basic or applied theriogenology (0-6)  
   Score: ____________  
   B. The information presented is new (0-4)  
   Score: ____________  

VII. READABILITY OF ABSTRACT:  
   A. Clarity and organization of abstract (0-6)  
   Score: ____________  

TOTAL SCORE (50 points possible)
