

## Re. EISA case study results

Case studies are marked using a scaled scoring and scores on competencies.

Candidates need to achieve a scaled score of 50 and above and meet the minimum threshold in all competencies.

**Overall grade = COMPETENT**

If your overall grade is competent, you will have demonstrated your competence by performing well across all the elements in the case study. You will have demonstrated integrated thinking across subjects and competencies.

## Exam Performance Report

SAIT offers unsuccessful EISA candidates the opportunity to request an individual feedback report on their performance.

The exam performance report is a detailed individual report compiled by an external member of the marking and moderation team. This report will give each candidate feedback on their exam responses to assist the candidates to improve their performance in the next sitting.

The exam performance report will review the score on each area of the paper and give detailed feedback on areas that you could improve on in future.

Please email your request to [education@thesait.org.za](mailto:education@thesait.org.za)

Please read the information below before sending an email:

1. Full name
2. Your candidate number
3. Subject line: Request for Exam Performance Report EISA Nov15

Please take note that you will receive an application form to complete

The Cost for an Exam Performance Report is R1500

The Exam Performance Report will be available within 14 working days.

Your report will not be processed until payment is received.
