

**Development Committee Report
June 2016**

Development Committee goals and objectives were discussed with Richard Groves, Ruth Kinnersley, and Heather Lanier. It was decided to continue the committee in its current form until the reorganization. One of the current committee chairs, Kelly Lee, will remain on the committee for the 2016-2017 term.

A Google Doc has been created for tracking development activities across the organization. Each Committee in TLA will be required to input required information for any business/entity that is approached for sponsorships/donations. The link with editing privileges will be shared with TLA committee members.

Respectfully submitted,

Kelly Lee and Chantelle Swaren
Development Committee Co-Chairs
