

2016June Technical Services Roundtable

This roundtable has 38 members. Technical Services Roundtable did a panel discussion with powerpoint presentation at the TLA conference on Friday, April 8th ; 8:00-8:50 am., which was well received with an audience of 28 people. Also a replay of this powerpoint type presentation was done as a TLA staff development brown bag lunch webinar on May 25th via GoToMeeting.

At the conference, a business meeting was conducted with the next chair of this roundtable selected, Carl Parham, who is a cataloging librarian from South College, Knoxville, TN to assume the chair on July 1st. Also discussed was possible ideas for submitting a program proposal for the next conference in Knoxville. A few ideas were suggested including the possibility of getting a speaker to talk about “Linked Data” or all the other RDA type changes, etc. from some outside sources as OCLC, LC, ALA or another organization to understand all the changes coming to Technical Services in the library for the near future.

Nothing else to report.

Sue Knoche; Chair,
Technical Services Roundtable
